At that time, he broke through the realm and stepped into the second-grade pass god realm, that would not be impossible!

After Lin Ziming dodged lightly, Adam did not continue to pursue him. He smiled and said, "Sure enough, I didn't say anything wrong about you. You are a despicable villain, a powerful man in the realm of spirits, and he sneaked on me It's a pity that you can't get home with your kung fu, and you can't even hurt me in a sneak attack."

I can't wait to strip Lin Ziming alive right away!

He must raise this battle to the level of two countries, in this way, can he echo the meaning of the power of the gods! !

"Hahahahaha..."

He immediately laughed, as if he heard a big smile, his voice was extremely loud and full of endless power

The sound came from his mouth, containing huge energy, distorting the ripples in the space, as if a bomb exploded on the lake.

When it penetrated the lake, it actually directly caused waves on the water, which seemed very shocking.

And after it reached everyone's ears, many people felt pain in their eardrums. All the creatures around here, insects, birds and beasts, shivered with fright and disappeared completely. This horrible breath was unparalleled.

Then, he heard Adam's continued speaking.

After smiling, Adam stared at Lin Ziming and said, "A little Chinese warrior, dare to slander me Adam in this way? Chinese people, you don't have to pretend, you dare to stand in front of me today, that's the god of China. Instruct it! I know that China has been jumping a lot in the past few years! Think it really has the ability to catch up? Hoho, beyond your own control!"

As he said these words, many people suddenly realized that, yes, Lin Ziming is just a master of innate realm, even if he has reached the half-step divine realm, but in his bones, he is also half-step divine realm. Ah, how dare to scream as Adam who is a realm of God!

It must be supported by the Chinese God God.
