

Chapter: 2081

Hearing Lin Ziming's words, everyone was a little surprised. What's the situation, isn't Huangpu Road here?

They stared vigorously, and as expected, there was no shadow of someone in that direction.

Adam did not respond to him and continued, "Whampoa Road, you are so disappointed that you still refuse to come out, right? If this is the case, then I will kill this little guy in front of you. When the time comes, Don't blame me for giving you face!"

I have to say that Adam's acting skills are still in place, much better than those of the celebrities, and deceived many people.

But his style is not useful to Lin Ziming. Lin Ziming laughed again and said loudly, "Adam, you don't have to act. No matter how you act, you can't change it today. You will lose in my hands. fact!!"

As his words fell, his momentum continued to rise, like a rising tide, rising little by little. He, who was originally low-key and mediocre, suddenly became extraordinary, and at the same time Attracted everyone's attention.

Originally, he was very mediocre just now, and he did not seem to be Adam's challenger, but more like a puppet, a pawn, and it was easy for people to ignore him.

But now, everyone has discovered that Lin Ziming doesn't seem to be that simple.

Adam's face became a little gloomy, but he didn't speak, and looked at Lin Ziming quietly. His eyes were like radar. By observing Lin Ziming, he quickly analyzed Lin Ziming's information.

Lin Ziming continued: "Six months ago, when I was in the Kung Fu Cup, you had murderous intent on me. From that moment on, I made up my mind. One day, I will come to you, challenge you, and defeat you. !"

"Adam, over the years, how many of my Chinese heroes have been killed by your subordinates under your command! I don't know if you think you have done something secretive! Killing you is not guilty of the predecessors of Huangpu, because you are not the predecessors of Huangpu at all. Opponent! To kill you, I am a 30-year-old half-step mastery of the gods is enough!"

"I know you have been waiting for me to come over. Knowing that I won the Kung Fu Cup championship, according to the rules, I will come to the beautiful country in person and accept your guidance, and then you will get rid of me through this opportunity! Because of you Seeing my potential, seeing my threat to you, you can't wait to kill me in the cradle, Adam, a stingy person like you, can't be called a legend of the previous generation, you are inferior to the predecessors of Huangpu Too much!"

Lin Ziming talked freely, and what he said was full of power and shocking. After listening to many people, they all began to waver, more inclined to Lin

Ziming's words.

All the people present are masters with high IQs and certain ability to judge. They have also heard of Adam's dirty tricks. On the contrary, they are China. They have been very clean all these years. Lin Ziming is also very clean. There is no black material.

Therefore, they believe in Lin Ziming even more emotionally and rationally. After Adam listened, his face darkened. He wanted to maintain his demeanor, but the corners of his mouth twitched slightly and sold him.

There was a fire in his heart, staring at Lin Ziming, if his eyes could kill, then Lin Ziming would have died a hundred times.
