

Chapter: 2083

He intends to resist Adam's hand and try to see how strong Adam is.

Adam discovered this idea and was furious, thinking that Adam was completely looking for death, and actually dared to face him head-on.

It was too late and it was fast. For all the onlookers, it was just a moment. Adam's palm was heavily pressed on the top of Lin Ziming's head and was hit by Lin Ziming's punch from bottom to top.

There was a loud bang.

From the center of the collision of their fists, it seemed that the space was distorted, and a violent wave of air was generated, which oscillated towards the surroundings at the speed of sound.

This sound wave was too strong. Not only did it produce a violent explosion, it also produced a violent airflow, blowing the clothes of Adam and Lin Ziming, as if they were standing in the middle of the tornado!

Adam took a step back, and Lin Ziming took two steps back.

Under their feet, the ground was crushed and a sound similar to an earthquake was made. This shows how great their power is!

You know, they are on the small island in the center of the lake, and the others are standing on the shore, far away from them. They can clearly feel the damage in them, and they are deeply horrified!

"This, this... is this a fight between the powers of the God-through-God Realm? This collision of power is too terrifying!"

"It's no wonder that it's a land god, this power is far beyond what mortals can understand! Even a hot weapon, except for a nuclear bomb, can't produce such a terrifying power!"

"Shenzhen, it's really a demigod..."

"Fortunately, we are so far away, otherwise the pond fish will definitely be affected!"

"Originally, I thought that it was already a great thing to break through from ordinary people to the innate realm. You can stand in the world and dominate one side. Now it seems that the innate realm is just a fart. In front of you, what is the difference from an ant!!!"

"Wait a minute, this Lin Ziming doesn't have anything at all. When you look at him, there is still a smile on his face? What kind of monster is this? Is he really a powerhouse in the realm of gods?!"

Everyone around them focused their gazes on Lin Ziming. They reacted from the horrible collision just now, and saw that Lin Ziming was unscathed, with a smile on his face, which seemed to be very cheerful, and they only felt that they were very happy Horrified.

You know, Adam is a powerhouse in the god-passing realm, and he ranks high in the realm of God-passing God, but when Lin Ziming and Adam collide face-to-face, there is nothing wrong with them?

This is incredible!

Those Chinese who were nervous and depressed, saw Lin Ziming's troubles, suddenly heaved a sigh of relief, and shouted, "Instructor Lin is invincible! Instructor Lin is invincible!!"

They were so excited that they didn't think that Lin Ziming could face Adam head-to-head without injury. From this point of view, Lin Ziming's strength was beyond their imagination, and he was completely capable of fighting Adam.
