

## Chapter: 2084

For those who come from a beautiful country, it is a different mood.

In their view, the invincible, faith-like existence was actually blocked by Lin Ziming, and it could not hurt Lin Ziming any bit. This result was a blow to them.

Although it was just a meeting, the outcome was still unclear, but with Adam's identity and status, he couldn't take Lin Ziming with one move. It was a shame in itself.

The corners of Adam's mouth also twitched twice. Although he did not use his full strength in the palm just now, he also used 80% of his power, and it also contained mental coercion. Originally, he thought that with this shot, he would be able to easily defeat Lin Ziming.

But the facts made him frown greatly. This Lin Ziming actually took a palm of his hand, and through the collision just now, he also felt it, Lin Ziming was not as weak as he imagined, his palm, It seems to be shot on a huge rock, indestructible.

Of course he wouldn't express this feeling. On the contrary, he laughed, looking interested, and said: "It's kind of interesting, I said that you are so courageous, you dare to go to my beautiful country to go wild. It turns out that Huangpu Road has given you considerable power."

When everyone heard this, they suddenly realized that, yes, it must be Huangpu Dao who empowered Lin Ziming. He put his power into Lin Ziming's body, so that Lin Ziming could greatly increase his strength in a short period of time before he could resist Adam. One palm without injury!

Lin Ziming shook his head and said contemptuously, "Adam, as a master of the realm of spirits, is it interesting to play such tricks? You cherish your feathers and your face too much, and you regard yourself as the strongest in the Western world. , You can't stand someone better than you, more talented than you, so you don't hesitate to suppress anyone who might surpass you. It is precisely because of your personality that has led to such a big country as Beautiful Country, for so many years Here, you are the only master of the God-Communication Realm, and the other geniuses, who are a little bit of a head, have been dealt with by you."

Upon hearing this, there was an uproar in the audience.

Especially for many powerful people in the Western world, after hearing this, they all suddenly realized.

Yes, over the past few years, there have been too few strong players in Western countries, especially those in the realm of spirits. They have never understood the reason before. Could it be that God has abandoned them in Western countries?

Now that he heard these words of Lin Ziming, it suddenly became clear that they were not stupid, and they immediately realized that these words of Lin

Ziming were not nonsense.

For the many masters in the beautiful country, this sentence shocked them even more!

Because, over the years, every time a brilliant genius appeared in the beautiful country, he would be suppressed inexplicably, or even perished.

They also wondered for a while whether they were killed by strong men in other countries, but many of them had never gone abroad, so how could they die gracefully.

Now that they heard Lin Ziming's words, they looked at Adam, and their mentality began to shake.

And, they have indeed heard a lot of bad things about Adam over the years, mainly about Adam's stingy remarks. Many geniuses want to contact Adam and accept Adam's advice, but they are often rejected. There is nothing good. Attitude.

Now it seems that what Lin Ziming said is not unreasonable!

For a while, their eyes looked at Adam changed. They no longer had the worship and awe just now, but turned into a kind of suspicion, even disgust, and hatred.

If, as Lin Ziming said, Adam himself, as the guardian of a beautiful country, the great devil of the Western world, suppressed or even killed his own genius, then Adam would not be worthy to be their guardian at all. Not qualified to be their faith!

Adam felt the change in their emotions, his eyes became different when he looked at him, and his heart became even more annoyed, and at the same time he felt a guilty conscience.
