

Chapter: 2086

His counterattack came so suddenly and unexpectedly.

In an instant, everyone heard a faint 'buzz' sound, and this sound was not heard in their ears, but appeared in their minds.

Indeed, Lin Ziming himself did not make such a sound. It was a sudden change in his aura, a huge mental fluctuation that appeared from his body and spread towards the surroundings.

This affects everyone.

Even Adam's movements took a slight pause, and they were actually affected by Lin Ziming's mental fluctuations.

In his eyes, he seemed to see that from Lin Ziming's body, a huge Eastern Dragon appeared, emerging from Lin Ziming's head, and rushing straight into the sky!

At this moment, Lin Ziming seemed to have turned into a dragon.

Of course, this is an illusion, no matter how powerful Lin Ziming's realm is, it is impossible to really transform the dragon.

However, this shock to Adam was not much lighter than Lin Ziming's real transformation into a dragon shape.

Because, Lin Ziming's aura is exuding, it shows that Lin Ziming's body contains great luck, that is from China!

In an instant, he was horrified and more coveted. If he could win Lin Ziming, would it be difficult? He could definitely condense into this dragon-shaped Chinese luck!

With his realm, if he can digest the luck of China, then it will definitely bring great help to his realm.

He decided that today, no matter what, Lin Ziming will be killed and the Chinese fortune from Lin Ziming will be stripped away. Even if Whampoa Road really appeared here, it couldn't stop him!

In fact, it was not just him, but many people present also felt Lin Ziming's dragon-shaped luck.

"Oh my god, I didn't read it wrong just now, there is a dragon that popped up from this Chinese man? Damn it! Is he the son of luck!"

"I have also felt that this is a great fortune. It is no wonder that this Chinese can practice so fast. It turns out that there is a huge amount of luck on his body! If I can have this kind of luck... .."

"If I can have this kind of luck, then I will definitely be able to greatly increase the speed of my practice, and then I will definitely be able to advance to the God-Sound Realm and become one of the super powers in the world!"

Even some Chinese martial artists began to discuss.

"This is the Chinese fortune gathered in Instructor Lin. It can already be transformed into shape successfully! This is too powerful!"

“This is what Instructor Lin has to rely on the most, so his cultivation speed is so fast, he dares to challenge Adam.”

“I’m really envious, if I can also have this kind of luck, then I won’t be any worse!”

“It seems that instructor Lin is really the son of luck in our country...”

It was too late to say, and then soon, when they were talking about it, Lin Ziming had already started counterattack and fought with Adam.

Relying on that Chinese dragon-shaped air fortune, he was able to fight Adam on a par, and there was no downturn.

Their speed can be said to be reaching the extreme, and the power they have displayed is also jaw-dropping. It surpassed the expectations of such a person present and shocked many people.

Bang bang bang! ! !

In an instant, they had already fought wildly, and in a short period of time, they had no less than a hundred moves.
