

## Chapter: 2088

The force generated by this collision is too great.

It seemed that even the space couldn't bear the power of the two of them, which caused a huge distortion!

Especially the huge wind and waves they made can actually set off the waves on the lake surface, which is a full two meters high. This kind of thing is really unheard of, and everyone has been stunned.

Now they have been shocked too many times, causing them to be a little numb.

They had never doubted Adam's power before, but Lin Ziming, he was only a master of the innate realm, and he hadn't really stepped into the god-passing realm. How could there be such a powerful strength? This is completely unscientific. Thing!

However, they finally realized that Lin Ziming was not the kind of yellow-haired boy they had imagined before, and challenging Adam was not to seek death, but Lin Ziming really had such a terrifying strength!

Not just ordinary viewers, this time, even Bu Jingyun and Shaky Johnny were finally moved for the first time!

Shakyatuni frowned, his pupils shrank, unable to hide his surprise, and couldn't help but say, "This Lin Ziming is so powerful! How is this possible?! Is he really the chosen son of heaven?!"

Bu Jingyun's expression has always been cold, maintaining a high-cold image, and now he finally showed a shocked face, "We underestimated Lin Ziming's strength. It is not reasonable for him to log in to the immortal ranking list. In fact, he really His strength can be ranked in the top five!!!"

Shakyatuni said with a bitter smile, "The top five? I can't stop it, Bu Jingyun, you see Lin Ziming's current performance, do you think you can beat him with absolute certainty?"

Bu Jingyun stopped speaking and fell into silence. At the same time, there was dissatisfaction in his eyes, but in the end he sighed, his expression looked a little sad, and said, "There is no absolute certainty, but if you use a weapon If that happens, he is not my opponent."

Shakyatuni said, "This is not necessarily true, what if Lin Ziming is also a good weapon in the use of weapons?"

Hearing this, Bu Jingyun fell into silence again, but then he clenched his fists and made a chucking sound, his eyes fixed on the island, Lin Ziming, who was fighting with Adam. He said hoarsely, "I now recognize the strength of this Lin Ziming. This is a good thing. The existence of such a super arrogant in the world will make the next battle even more interesting."

Shakyatuni also looked at Lin Ziming, and there was a strange red in his eyes, and he smiled and said, "Perhaps we can meet him in advance without waiting for the next battle."

“You mean you are in the secret realm?” Bu Jingyun said, and then he also laughed, “If he dares to come to the secret realm, then there is only a dead end.”

After a pause, Bu Jingyun said again, “There is one more message, I don’t know if you heard it.”

“Oh? What’s the matter?” Shakyatuni asked.

Bu Jingyun said in a somewhat intriguing tone, “I heard that the head of the Eastern School seems to have an illegitimate daughter who has disappeared for more than 20 years and has been living in the world. The head of the Eastern School has been looking for a long, long time. Now, it seems to have found...”

When Sakyamuni heard this, he suddenly became interested. At the same time, the red in his pupils became more intense. He said, “There is such a thing? That’s kind of interesting...Bu Jingyun,” Do you know who this illegitimate girl is?”

Bu Jingyun glanced at him faintly, and said, “Sakyamuni, you don’t have to pretend to be there, you must know this message. In fact, the head of the Eastern School only knows that his illegitimate daughter has Death, a reward has been released, whoever can find his illegitimate daughter can get his favor.”

Shakyatuni also smiled and said: “You can’t hide anything from you. It seems that you came out of the world this time to find the illegitimate daughter of the Eastern Sect, right?”
