

## Chapter: 2099

Adam's death is not just his own death, because when Adam was promoted to the realm of the gods, he absorbed the national fortune of the beautiful country, and he was the son of the beautiful country's luck, so the speed of his later practice was only So fast.

And as soon as he died, the national fortune of the beautiful country dissipated, turned into an invisible shape, and poured into Lin Ziming's body.

This is a very mysterious thing, it is difficult to explain with today's cognition.

Lin Ziming closed his eyes, and he immediately felt that his spirit was fuller, and in the midst of darkness, he felt that the luck in his body became stronger and more condensed! !

He incorporates a considerable part of the luck of the beautiful country.

This is a once-in-a-lifetime opportunity for him.

The physical strength that he had consumed was recovering exponentially.

For a long time, he opened his eyes and showed a bright and satisfied smile.

He looked at the kneeling people around him, raised his hand gently, and said, "Get up all the time."

What he said was very plain, but his tone was full of irresistible power. After people listened to it, he couldn't help but obey his words and would not defy.

These kneeling people quickly stood up.

Then Lin Ziming said again, "Adam died, and I absorbed half of the national fortune of the beautiful country. From then on, the beautiful country must decline. I killed Adam, not to express myself, but to tell you and wake you up. We Chinese are not inferior to any race in the world. As long as you have a strong and self-respecting mentality, you will definitely strengthen yourself. No matter where you go around the world, no one will dare to bully you."

Hearing Lin Ziming's words, their bodies were filled with energy, their bodies shook, and their eyes became firm.

Lin Ziming has completely planted the seeds, and he has already done what he should do. Next, he has no need to stay in the beautiful country.

I saw his legs bend, and then his feet slammed. The whole person was like a rocket, rising from the ground and disappearing into the sky.

His strength has been so strong.

After he left, many politicians in the beautiful country collapsed and lost their souls.

The message that Lin Ziming had killed Adam spread all over the world at an extremely fast speed, and many, many people knew about it.

For most warriors, they don't know who Adam is, but they all remember Lin

Ziming's name, knowing that this is a super genius from China.

Three days later, Lin Ziming left the beautiful country and returned to China. Through these three days, he has thoroughly adjusted his state and restored his peak strength.

And after the first battle with Adam, he had a deeper understanding of the realm of the gods, and his strength has risen a step higher than before the battle. It is an exaggeration to say that now he fights Adam again, it will be more relaxed.

But it is very strange that even if his strength is already so strong, he still hasn't broken through to the God-Throughout Realm.

After he plans to go back, he will ask Whampoa Road well.
