So he turned his gaze back, shrugged, and prepared to go to dinner.

However, just as he had just turned around, Ning Yuning looked at him at this time, saw his back, was stunned, then his face changed, showing excitement and surprise, and followed Lin Ziming.

This figure is too familiar, it is the figure she has been missing for a long time these days!

“Hey, Yu Ning, where are you going?”

Ning Yuning’s action immediately shocked the woman next to her.

Along with Ning Yuning, there were several other people, her team. Seeing her behavior, she was shocked and surprised.

They followed Ning Yuning for a long time. In the impression, Ning Yuning was a very quiet person, always very gentle and elegant, and would not make such a move.

Ning Yuning was very excited now. In her world, there was only the walking figure in front of her.

Because this figure is too familiar, it belongs to Lin Ziming!

Although she has not seen Lin Ziming for a long time, and she also knows that Lin Ziming has nothing to do with her, and even after knowing her thoughts, she deliberately avoided her, which led to the current decision. Relationship.

Even if she knew that Lin Ziming had a wife, she made a decision in her heart, and she would never entangle Lin Ziming any more and try her best to forget Lin Ziming.

However, she is also really hard to do.

Even if she had told herself countless times in her heart, it was still difficult to really want to forget, especially now that she saw Lin Ziming’s figure, that kind of yearning, like a tide, swept over the sky and covered her whole person. Overwhelmed!

She felt that the man opposite was Lin Ziming.

Although she herself knew that this kind of probability was actually very small, and the high probability was just someone who looked like Lin Ziming from behind.

In fact, she has not encountered similar things. During the more than a year when she lost contact with Lin Ziming, she had admitted to the wrong person several times, and when she saw a back similar to Lin Ziming, she thought it was Lin Ziming. Ming, after going up, it was discovered that it was someone else, enough to make her lose for a long time.

She also knew in her heart that she couldn’t go on like this anymore, but every time she encountered a figure similar to Lin Ziming’s back, she still couldn’t control herself.

Seeing that Lin Ziming was about to disappear around the corner, she

quickened her pace, trying to catch up with Lin Ziming.

“Lin Ziming, is that you?”

She yelled out.

Her tone was trembling, she looked closely at Lin Ziming’s back, and her heart was particularly nervous and expectant.

At this moment, the figure in front really stopped.
