

Chapter: 2109

The others also looked at them ambiguously, knowing that if Lai Shao waited a moment, they would definitely enjoy it.

Sister Hua also smiled comfortingly, as long as Ning Yuning got into Lai Shao's bed, then her task was completed and she could get a lot of money!

As for Ning Yuning, it's just a tool for her to make money. What does Ning Yuning's life and death have to do with her?

There is a luxurious room in this box, so as long as the others go out of the box, it is enough. As for Lai Shao and Ning Yuning, they will communicate directly in the room.

"Sao Lai, then we won't bother you. I hope you have a pleasant exchange with Yu Ning!"

Sister Hua said with a smile.

Lai Shao laughed, very happy, and said, "Okay, okay."

Then, they opened the door of the box, only to find that a man was standing at the door.

The man looked a little sallow, but he was very slender, but his appearance was quite ordinary.

"Who are you? What are you doing in front of our door, get out of here!"

Immediately there was a big man who scolded displeasably.

This man is naturally Lin Ziming.

He still looks like a disguised face. Facing this big guy's scolding, he didn't have any expressions, but directly said, "Do you want to leave? I'm afraid it will not be that easy."

"court death!"

The big man didn't talk nonsense directly, and punched Lin Ziming hard in the face.

Still a martial artist in the realm of masters, he punches very quickly.

However, in front of Lin Ziming, there was no difference between him and Ants.

Lin Ziming didn't dodge at all, but simply raised his hand, grabbed his fist, and then squeezed it hard.

Suddenly there was the sound of broken bones!

This person's fist was actually crushed by Lin Ziming!

The fist also formed a weird shape.

It was really crushed, not as simple as a broken bone.

This kind of violent joy caused this big man to scream incomparably stern: "Ahhhhh!!!"

The lethality of this scream was so great that it immediately scared everyone in the box, not only the customers in the box, but also the customers outside.

Lai Shao frowned. He looked over and found that he didn't know Lin Ziming and he didn't know Lin Ziming's true strength. He just felt very

upset. He was going to enjoy it, but suddenly such a one appeared. Guy, dispelled his interest, which annoyed him a lot!
