

## Chapter: 2112

Of course, for Lin Ziming, it was useless at all.

Just kidding, he is someone who can kill even a big devil like Adam, not to mention a small Innate Realm Dzogchen master.

Moreover, the breath released by the other party also made him discover an interesting place.

This is called Lai Shao, who has the aura of the martial world, and it seems that he is not a secular person!

This is kind of interesting!

Lin Ziming didn't answer his question, but said with interest, "Which school do you come from?"

Hearing this, Lai Shao's pupils suddenly shrank!

This is his biggest secret, because he is indeed from the martial world. Over the years, he has been hidden in the world, lurking, and there are very few people who know his true identity.

But now, he was actually told by a guy who didn't look good, how could this not make him shocked, or even panicked!

However, his psychological quality is very strong after all, just a breath, he calmed himself down, even if the other party knew that he came from the sect, he couldn't admit it.

It's just that his murderous intent towards Lin Ziming has become even more intense. Just now, Lin Ziming just broke his good deeds and affected his interest, but now that the nature has upgraded, he absolutely can't let Lin Ziming leave here!

"I don't know what you are talking about." He shook his head and denied it. At the same time, he also let go of Ning Yuning, staring at Lin Ziming closely, and said: "I don't bother to ask who you are. You have already been sentenced to death when the bad Lao Tzu thing started!"

Then, he raised his head again, and said to Lin Ziming with an extremely arrogant attitude, "Kneel to me, I can keep your whole body!"

Ning Yuning saw this situation, she immediately became anxious, bit her lip, and said to Lai Shao, "Lai Shao, I don't know him, he is innocent, please let him go, I am willing to agree to all your requirements.!"

Hearing Ning Yuning's words, Lin Ziming was taken aback for a moment, and he couldn't help but touched his face. Did Ning Yuning recognize him?

It makes no sense. He is very disguised now, and even his outline has completely changed. How could Ning Yuning recognize him?

And Lai Shao's face became even more gloomy, and he snorted, "It turns out that I'm here to save you, so I'll just say, who is so courageous! Very good, there are no women I am fond of. Who can escape the palm of my hand!!!"

Then he scolded Lin Ziming again, "Kneel down!"

Lin Ziming didn't make sense to Lai Shao, but instead said to Ning Yuning,

“Miss Ning, I am also a fan of yours. I now ask you, do you really want to take yourself in because of your career?”

Faced with Lin Ziming’s question, Ning Yuning bit her lip tightly, feeling extremely painful, and said with a wry smile, “Is it still something I want to do now?”

Lin Ziming said, “With me, as long as you don’t want to, no one can force you.”

When Ning Yuning heard Lin Ziming’s words, she stunned again, and looked at Lin Ziming’s deep eyes. She shook her head in a mysterious manner, and said the answer from the bottom of her heart, “No, I don’t want to... .”

She originally wanted to say that she was interested in someone, but when it came to her lips, it was obviously unnecessary to say this sentence in this situation, so she held back.

Lin Ziming showed a smile and said, “As you wish, with me, no one can persecute you, including this man.”
