

## Chapter: 2119

Lin Ziming's heart jumped, he guessed right, the other party had a plan.

He remained silent, and continued to ask, "What information is collected?"

Lai Shao said: "Just to learn the concepts in the world, to learn, this is when the above was assigned to me, I don't know the specific role."

Lin Ziming said with a smile without a smile, "In my opinion, you have collected information and fed it back to the sect, so that you can prepare for the future invasion of the world?"

Lin Ziming's remarks were very plain, but it fell in Lai Shao's ears, it was shocking, and it shocked him all of a sudden, and blurted out, "How did you know?!"

As soon as he finished saying this sentence, he realized that he had said something wrong, his face changed, and he quickly changed his words and said: "There is no such thing, predecessor, you worry too much. For so many years, our sect world has been getting along with the world. It's very good. How can the river invade the well if it doesn't intrude?"

His reaction was very quick, he changed his expression in a short while, and he concealed it well, but how could he fool Lin Ziming?

Immediately, Lin Ziming narrowed his eyes, "Sure enough, my premonition is wrong. Your sect world is indeed coveting the secular, and you have begun to hide your power and bide your time, and prepare for the invasion of the secular!"

Shao Lai's expression became dry now, and he could no longer be natural. He still said, "Senior, you are too worried, there is no such thing!"

After other people heard these words, although they didn't understand them, they all had a panic that couldn't be said, because words like invasion are very sensitive.

Lai Shao was making a small gesture. He put his hand in his trouser pocket, obviously wanting to move the soldiers or report a letter.

It's just that this little movement of him was immediately discovered by Lin Ziming.

"It seems that you still want to tell the news. Originally, I didn't intend to kill you, but now it seems that it's too hard to keep you." Lin Ziming said lightly.

Lai Shao's expression changed drastically, without any hesitation, and he violently left. This time, he no longer fled to the window, but to the door!

As long as he rushed into the crowd, he would not believe that Lin Ziming could still catch him!

It's a pity that his thoughts are very good, but in front of Lin Ziming, he seems so vulnerable.

Lin Ziming held Ning Yuning with one hand, lifted Ning Yuning up, and at the same time chased him towards Lai Shao. When Lai Shao had just

escaped from the door, he was caught by Lin Ziming again.

At this moment, he felt the breath of death, "Senior, don't kill..."

He yelled it out, but unfortunately, he didn't even finish the yelling, so Lin Ziming gave the result.

With a bang, Lai Shao's neck was completely broken, and Lai Shao's body also lost support and collapsed softly on the ground, but he did not die immediately because his vitality was very strong.

He stared at Lin Ziming fiercely, full of unwillingness and regret. He had known that if he had given him a hundred courage, he wouldn't be able to fight Ning Yuning's idea, causing him to ruin his life now!

There was silence in the box, and they all watched with their own eyes. After Lai Shao struggled, he died completely and his eyes began to lose weight.

Shao Lai is dead!

For everyone, it was extremely scary, especially for Sister Hua and others, it was even more creepy.

They looked at Lin Ziming, full of fear, as if they were looking at a big demon king.

Only Ning Yuning didn't have any reaction, and I don't know if Ning Yuning's reflex arc was too slow, her whole mind was placed on Lin Ziming, like the whole world, only Lin Ziming was left.
