

## Chapter: 2125

However, when he wanted to speak, he suddenly felt that his eyes were a bit dry and rubbed his eyes subconsciously. When he opened his eyes again, he found that the man in front of him had disappeared!

Suddenly I was shocked.

When he quickly looked into the base, he could see that Lin Ziming had already walked in and was walking into it leisurely.

He was taken aback and didn't do what he thought. He quickly pressed the alarm and notified the agents inside that an enemy had broken in.

Suddenly, the ear-piercing siren spread all over the three places of Xuanyuan. It took almost a few breaths. The three places of Xuanyuan were alarmed, and many people emerged, one by one, like a big enemy.

"Someone dared to pass into the three places of Xuanyuan?! This is an impatient life!"

"Look at who is so bold!"

"Go out and have a look. If it's an enemy, my bullets won't be polite to him!!"

When Lin Ziming heard the alarm, he frowned slightly, and smiled bitterly in his heart. He didn't think that he, the chief instructor, had come back for so long, and he was considered an enemy. It was really depressing.

"stop!"

Soon, someone found him, and quickly surrounded him, pointed a gun at him, with a very majestic look, as long as he dared to act rashly, he would shoot immediately.

Lin Ziming stopped. After a while, the guard ran over and said nervously, "It was this guy who came in. His speed is very fast. I just blinked and he rushed in! Seriously suspect that he is an enemy, and you must not spare him lightly!"

These agents who surrounded Lin Ziming were obviously newcomers, and they had never seen Lin Ziming.

To Lin Ziming, he was completely like an enemy. Some people even scolded, "You are so courageous! You dare to forcibly enter the three places of Xuanyuan, I think you are impatient!"

"What do you do with so much nonsense with him, quickly take him down, torture him, and see where he is a spy!"

When the voice fell, someone immediately came over with a gun and wanted to capture Lin Ziming.

However, at this moment, a more majestic voice came from behind: "What are you all doing! Don't step back quickly! This is the chief instructor, our chief instructor at Xuanyuan III!!!"

There was a sound of neat and heavy footsteps behind.

After seeing these new agents, they all showed expressions of surprise and

awe. They stopped quickly and saluted the people who came by, “Deputy Chief!”

Lin Ziming looked back and saw Sun Liang, bringing a group of old agents and many high-level officials from Xuanyuan 3rd place.

After seeing Lin Ziming, their faces showed excitement and admiration.

Especially for those old agents, the admiration and love in their eyes is even more undisguised.

They walked up to Lin Ziming, knelt down together, shouting loudly: “Subordinates, see Chief Instructor!!”

Lin Ziming was a little surprised at their actions, and even Sun Liang knelt to him.

As for the rookie agents around, and the guard are already dumbfounded.
