

Chapter: 2130

Half an hour later, Lin Ziming returned to the door of his house, but he didn't push the door immediately, because he was still a little nervous, which was a bit wicked.

Taking a deep breath, he smiled bitterly twice, then plucked up the courage, and finally opened the door.

After entering, he first heard a burst of hearty laughter, and there was no tearing sound in the legend. The overall atmosphere is also very harmonious. He soon saw that in the living room, the three women get along very well there. In addition to them, the father-in-law and mother-in-law are also there, as well as some relatives, chatting very happily.

Many of the younger relatives surrounded Ning Yuning, all kinds of flattery and flattering, just like Ning Yuning's ardent fans, this picture looks very harmonious.

When Lin Ziming came in, he immediately attracted the attention of everyone in the house.

"It's Ziming who is back."

The father-in-law said happily, beckoning to Lin Ziming, "Ziming, you are back, we have missed you all this time, haha!"

The mother-in-law is also very enthusiastic about him, where is the mean look like before?

After seeing Lin Ziming, other relatives were very enthusiastic, even respectful and fearful.

Isn't it right? Now Lin Ziming's limelight is not something that ordinary people can compare. Not to mention anything else, Lin Ziming's identity as the chairman of the Lin Group is enough to make everyone jealous and fearful!

If this were changed three years ago, they would not have thought that Lin Ziming would have such a day!

You know, three years ago, Lin Ziming was just a waste son-in-law of the Chu family. He still couldn't fight back or scolded him.

Who knows that now that he has transformed himself, he has become a super man.

It can be said that the entire family has received huge benefits because of Lin Ziming, and it can be said that one person has been able to ascend to heaven.

The more senior they are, the more they understand the horror of Lin Ziming. It can be said that they have no idea that Lin Ziming is disrespectful at all!

Unless they are living impatiently.

After seeing Lin Ziming, the young juniors straightened their waists immediately, showing a vigorous look, as if to show their most energetic

side to Lin Ziming, wanting to get Lin Ziming. Appreciation.

Lin Ziming smiled slightly and walked in and said, "Well, I'm back."

Chu Fei got up and walked over to him, naturally took his coat, and took slippers for him, and put them on him, just like a virtuous wife.

In fact, she didn't do this deliberately. She acted purely from the bottom of her heart and was very natural. After all, she and Lin Ziming had been married for several years, and she was already an old husband and wife.

Tao Sanniang and Ning Yuning were very envious when they saw this scene. They wanted to be like Lin Ziming, but they didn't dare and knew that Chu Fei's position in Lin Ziming's heart was beyond mention. File.

No matter how generous Chu Fei was, the fact that Chu Fei was the main palace was undeniable, and they never dared to have any idea of competing with Chu Fei.

Lin Ziming also enjoyed the warmth of Chu Fei very much, that kind of love was so intense that it turned into family affection, and it was really comfortable.

He walked in with Chu Fei's hand, smiled and greeted his relatives, and then joined the chat.

They were all very curious about where Lin Ziming had gone during this period of time, and how it took three months to leave.
