

Chapter: 2131

For these relatives, they were just ordinary people who didn't know his feats in the Eagle Dog Country and the Beautiful Country, and he naturally had no need to say it, so he just found a reason to prevaricate. Now his position is extremely noble, even if he says anything, they will not hesitate to believe it.

Ning Yuning got along well here. It seemed that his father-in-law and mother-in-law didn't know that Ning Yuning was accepted by Chu Fei and became one of his harems.

Including Tao Sanniang, it's just because it's just Chu Fei's friend.

After a meal, it was getting late, and logically speaking, Ning Yuning's first time as a guest was not too often to stay overnight.

However, Chu Fei resolutely let her stay overnight, which made Ning Yuning nervous and happy, but at the same time she was a little bit confused, not understanding why Chu Fei behaved so passionately.

Is Chu Fei really jealous at all?

Can love really be shared?

Although she is now falling back in love with Lin Ziming, but if she is a regular wife, she may not be able to be as generous as Chu Fei!

And Lin Ziming also frowned. From Chu Fei's performance, he always felt that something was wrong, but for a while, he couldn't detect what was wrong.

So he had no choice but to shook his head and stopped thinking about it.

Originally, according to Lin Ziming's intention, he rarely came back once. It must be to sleep with Chu Fei, but Chu Fei said that she wanted to sleep with Tao Sanniang and let him sleep by himself, and Ning Yuning also slept alone. , This is a bit abnormal.

"Feifei, what the hell are you doing?"

Lin Ziming caught the opportunity, pulled Chu Fei aside, and said in a deep voice, a little unhappy in his tone.

Chu Fei blinked and said, "What the hell is going on, didn't I say, I slept with Sanniang."

Lin Ziming said: "Don't lie to me, I'll come back once in a while, don't you want me, don't you want to have a good kiss!"

When Chu Fei heard this, her pretty face flushed immediately, and Lin Ziming turned white, and said with a bit of shyness, "Pervert, who wants to have sex with you?"

After all, she pushed Lin Ziming away.

Seeing her shy and shy look, Lin Ziming became even more hot. Speaking of it, he and Chu Fei have been intimacy for too long. During this time, he almost suffered from internal injuries. Still can't do it well.

He hugged Chu Fei directly, "I don't care, I will sleep with you tonight!"

He simply played up his temper.

Chu Fei felt his little movement, and her face became even more red, and she hurriedly pushed him away, and said, "What are you doing, they are all outside! What should I do if they hear it?"

"I heard it when I heard it, what's the big deal, we are a husband and wife, and we are not invisible. I have a driver's license and drive legally, hehe."

Chu Fei immediately sipped, "Rogue."

Seeing Lin Ziming still having a hippy smile, Chu Fei scowled her face and looked serious, "Stop, I'm really not kidding, I won't sleep with you tonight, you and Ning... Go to sleep by yourself."

She said that she had missed her mouth. Although she changed her words quickly, Lin Ziming could still hear her clearly. She opened her eyes wide and said, "You really made this idea! Chu Fei, what is it in your mind? I'm still you. Husband?"
