

## Chapter: 2137

“It’s him, my father!”

Tao Sanniang asked in astonishment, “Your father? Isn’t your father Uncle Chu?”

Chu Fei shook her head and said, “No, Chu Huaxiong is just my adoptive father. I’m talking about him, my biological father. He will find me soon... He wants to take me out of here and go back to that. Cold place...but I don’t want to go back, ohhhhhhh...”

Even Tao Sanniang was shocked when she heard these words!

Mouth opened wide.

Although she knew that Chu Fei had been having nightmares during this period of time, she did not know that Chu Fei was not the daughter of the Chu family, but a different identity!

Tao Sanniang patted her hand, and said, “Don’t be afraid or not, with Ziming, he will definitely be able to protect you...”

However, she was still not finished speaking, she was interrupted by Chu Fei in horror, and quickly covered her mouth, “I can’t mention Ziming! He is going to kill Ziming! Once he finds Ziming, Zi Ming will die, will die...”

Tao Sanniang was even more shocked now, but after the shock, she was a little disapproving, and said with a smile: “Feifei, do you worry about this too much? Ziming is not an ordinary person, he is now a master of the gods. Now, even Adam is not his opponent. No matter how powerful your father is, he can’t help Ziming, right? In my opinion, you’ve been hiding like this, so why don’t you tell Ziming about this, believe in Yizi Ming’s intelligence and ability can definitely come up with a solution.”

Chu Fei shook her head quickly: “No! You don’t know his horror. He is no longer human. Ziming is not his opponent, definitely not his opponent...”

After speaking, she became more sure that Lin Ziming was definitely not her father’s opponent, and she also made a decision. In any case, she should not let her father know that her husband is Lin Ziming, otherwise Lin Ziming would really die.

She was able to accept all the punishments and bad news on her, but she absolutely couldn’t accept it. Lin Ziming died because of her!

This way she will suffer for a lifetime.

Tao Sanniang still expressed doubts and said, “No, even Ziming is not your father’s opponent? Who is your father?”

Chu Fei didn’t answer her question. Instead, she lowered her head and fell into contemplation, but the tears in her eyes never stopped...

When Tao Sanniang saw her like this, she only felt distressed to death.

Although she and Chu Fei have known each other not long ago, after this period of time, she and Chu Fei’s relationship has deepened. If something really happened to Chu Fei, then she would really be sad for a lifetime!

She held Chu Fei's hand tightly and said softly, "Fei Fei, don't be so sad. The boat will go straight to the bridge. We have all gone through the difficulties of strong winds and waves. There must be no problems this time. Besides, since we are looking for you It's your father, he must still want you to be happy."

Chu Fei didn't speak, but showed a wry smile and sadness on her face. It wasn't that she deliberately didn't explain it, but that this kind of thing was unclear.

At last she was silent for a while, and said: "Sanniang, if one day, I really disappear suddenly, you have to mention me to take good care of Ziming, okay?"

Tao Sanniang was shocked, and said quickly: "Feifei! What are you talking about! Well, how come you disappeared suddenly? No, I have to tell Ziming that your state is too wrong!"

Chu Fei held her tightly and said in an imploring tone: "Sanniang, just beg you as a sister, promise me, okay? If you let Ziming know, he will die, really will die. ...."

There were tears in her eyes.

Tao Sanniang also shed tears, stared at her for a few seconds, and finally nodded hard, "Okay, I promise you."
