

## Chapter: 2143

After a simple greeting, Shangguan Wei'an couldn't wait to ask Lin Ziming about his experience during this period. Lin Ziming naturally had no concealment, so he said it out.

Of course, he still concealed things like and Alice. There is no need to talk to Shangguan Wei'an about this kind of peach blossom news.

However, after Shangguan Wei'an listened, he smiled and said: "Ziming, I heard that you have a very good relationship with Alice in the Eagle Country now. She can be the crown prince. It depends on you."

Lin Ziming thought that Shangguan Wei'an would care about such lace news, smiled awkwardly, and said, "Fortunately, it's just a normal friendship."

"Ordinary friend? I can't see it, right? I heard that this Alice is deeply rooted for you."

Lin Ziming touched his nose, and he didn't even know what to say.

Shangguan Weian accepted it when he saw it, and did not continue to tease Lin Ziming. Instead, he asked about Lin Ziming's experience in the beautiful country. This was what he wanted to know the most.

And Lin Ziming also started talking immediately. His tone was quite plain, but what he said was not plain at all. After Shangguan Weian listened to it, he burst into excitement and laughed heartily, "Good good! Son! Ming, you really deserve to be the unicorn of my country, and promote the prestige of our country! Strong and magnificent! Become a confession!"

Next, Shangguan Wei'an and Lin Ziming drank together. He was in a good mood. After several bowls of wine went down, his face was flushed. After Lin Ziming saw his drinking method, he was a little surprised and said quickly: "Shangfeng, You'd better take a drink."

"What kind of wine is this bit of wine? I think that when I was young, it was called a huge amount, but now it is old, old..." Shangguan Wei'an shook his head, his expression flashed a little sadness. , But he quickly returned to nature, became vigorous again, and said: "Ziming, I don't think you should ask me to go up to the peak. See more, call me grandfather."

"This..." Lin Ziming was taken aback, and directly called Grandpa Shangguan Wei'an. This relationship was too close. You know, Shangguan Wei'an, but the most powerful person in the entire country.

Seeing Lin Ziming's embarrassment, Shangguan Wei An's eyes widened and said, "Why, don't you want it?"

"No, no, I didn't mean that..." Lin Ziming waved his hand quickly, and then he shouted, "Grandpa Shangguan."

After Shangguan Wei'an listened, he became even more happy and drank two more bowls.

"Ziming, you were born late. I don't know how dark and restrained the era

that grandfather experienced was!” Shangguan Wei’an opened the chatterbox and began to remember, and talked about that period of darkness to Lin Ziming. , The prosperous years of suffering.

At that time, China was just a country that had just been established for a long time. China that had just experienced wars was too weak and was bullied by many powerful countries at that time. It was really difficult for the ancestors at that time. of.

Lin Ziming has studied history, so naturally he also knows that dark history, but he has learned it from books, he has no personal experience, and he can’t empathize.

Now, from Shangguan Wei’an, the person involved, it was completely different. After listening, even Lin Ziming’s eyes were a little moist.

As Shangguan Weian was talking, he also burst into tears. He stared at Lin Ziming with a pair of tiger eyes, and said, “Ziming, you are in China now. I am very happy and relieved! Especially your deeds in the beautiful country. , To beat Adam to death, at that moment, I was so happy!”

After saying this, he closed his eyes and fell down.

He looked like this, but he was taken aback by Lin Ziming, and quickly took a look for his breath, only to find that he was only asleep before he breathed a sigh of relief.
