

## Chapter: 2146

Next, Lin Ziming and Huangpudao talked about many things, including about how the martial world will invade the world on a large scale in the future, and how they should guard against and respond to the enemy.

And Whampoa Road also issued many opinions and suggestions about him. In general, Lin Ziming heard from the meaning of Whampoa Road that Huangpu Road is not very optimistic about the next battle.

Because the martial world is too strong, there are too many strong, their overall strength is much stronger than the secular world.

In the secular world, the most powerful place lies in technology and nuclear weapons.

However, the threat of nuclear weapons to the martial world is actually not that great, because the martial world is not too fixed. If nuclear weapons are used, the more hurtful will be the secular world.

So next, the best way is to go head-to-head with the martial world.

It's just that, many people will die. If this is the case, it will be inevitable.

Lin Ziming has never been a compassionate person, but he still feels sad when he thinks about the scene where life will be overwhelmed by the time.

Now that he faces this situation, he doesn't have much to do, let alone stop it.

He can only do it, using his own strength to protect the people around him as much as possible. Therefore, he asked Han Jinlong, Wang Shougui, and Jiang Liqun to go all out to develop high-tech weapons.

Give the people around you, be armed to the teeth, and survive the next war!

“By the way, Senior Huangpu, when I came out of the airport just now, I saw a young man...” Lin Ziming suddenly thought of the young man just now, so he asked Huangpu Road to see Huangpu Road. Do you recognize it? However, after Huangpudao heard it, his face showed a strange expression, and said: “The young man you mentioned, if there is no accident, it should be my junior.”

“Junior brother?” Lin Ziming was a little surprised now, but he had never heard of it, but Huangpu Dao had a junior.

And the main thing is that the young man seems to be about his age, and Huangpudao is over sixty years old, is it actually a brother-in-law relationship?

Huangpudao nodded and said, “Yes, it should be him. Speaking of it, my junior hasn't been out of the mountain for a long time. This time he came out of the mountain, and he should have gone out of the secret realm.”

Lin Ziming smiled and said, “Really? That's pretty good. I'll have a look after when the time comes.”

Huangpudao said, “My junior has a relatively withdrawn personality, but his talent is very good, and he is deeply loved by my master. Over the years, I should have cultivated very deeply, Ziming, you will help me take care of

him when the time comes.”

“There is no problem, since it is your younger brother from Huangpudao, I will naturally take care of it.” Lin Ziming said with a smile.

These words seem arrogant at first sound, but in fact, they are not arrogant at all. After all, Lin Ziming is not a small miscellaneous rice, but a super power, who is a master of cultivation and is better than a master of the gods. Not letting the wind fall in the slightest, and even the general god-passing realm masters are not his opponents!
