

Chapter: 2148

When Lin Ziming heard this, his expression was a little weird. The younger brother of Huangpu Dao, has hatred with Adam?

But Adam has been killed by him, I am afraid he will be disappointed.

Moreover, his killing of Adam was broadcast live all over the world at first, and all the martial artists have seen it, don't the juniors of Huangpudao know it?

And Huangpudao smiled bitterly and said, "Junior, I'm afraid you don't need to go."

Upon hearing this, the younger brother of Huangpudao was taken aback for a while, and asked, "Brother, what does this mean? Don't you support me to kill Adam? Or do you think I'm not Adam's opponent?!"

When he said this, he was very unconvinced and stared at Whampoa Road closely.

Obviously this is a martial idiot, and he feels very uncomfortable with Huangpu Dao's questioning of him.

"That's not what I meant." Huangpudao said, shaking his head, "but Adam is dead."

"what?"

Hearing this sentence, the younger brother of Huangpudao changed his emotions and suddenly opened his eyes. This is the beginning of his appearance and the most gloomy time. Then he blurted out: "Brother, you killed Adam?! But you, don't you want to guard China? Are you able to go to the beautiful country? Or, Adam has come to China? What a pity! Adam, this terrible crime, killed countless heroes in my country, my lifelong wish, It was all to kill him, I didn't think that Adam would have been beaten to death by you before my magical power."

When he said this, he also sighed heavily, looking particularly disappointed. Full of regrets.

It seems that a very meaningful thing in life is suddenly lost.

Seeing him like this, Lin Ziming suddenly couldn't help but feel a sense of guilt, as if he had done something wrong and killed his meaning in life.

And Huangpudao's expression became even more weird. He finally coughed twice and said, "Junior Brother, I didn't kill Adam either."

"What?!" This time, Huangpudao's junior was shocked again, staring at Huangpu closely, and said: "Adam is not the senior brother you killed? Who killed that! It's the one from the Eagle Dog Country. The queen? No, that queen is already old and declining, her strength has regressed a lot, and she no longer possesses the strength of the pinnacle of the first-class power, it can't be her! Who else can it be? It's Luo Tian that Old monster? Brother, who is it?"

Huangpudao coughed twice and said, "Junior Brother, this person is far

away in front of you.”

Hearing this, the junior of Huangpudao looked around and looked at Lin Ziming’s body, but he didn’t put Lin Ziming in his heart. Obviously, he didn’t think that Lin Ziming was the super strong man who killed Adam. He thought that Lin Ziming was too young, younger than him.

Moreover, Lin Ziming’s aura was not strong, it was just the Great Perfection of the Innate Realm, this kind of realm was completely inadequate in front of him.

“No.” Whampoa’s junior shook his head, still said with a puzzled look, “Brother, am I playing tricks, right? Adam must be alive and well!”

At this time, even Lin Ziming couldn’t stand it anymore. Originally, he had a good impression of Huangpudao’s apprentice. He felt that Huangpudao’s apprentice was a hidden expert, but he didn’t expect to be so cute.

He also coughed twice and said, “My friend, haven’t you been online in the past few days, and haven’t you learned anything about the outside world? The death of Adam is now a well-known thing in the world.”

In fact, Lin Ziming felt a little embarrassed when he said this sentence, a little bit of ostentation.
