

## Chapter: 2149

However, the younger brother of Huangpudao was so dumb that he couldn't help it.

Finally, the junior of Huangpudao heard what Lin Ziming said, and then really put his gaze on Lin Ziming's body, looked closely at Lin Ziming, and found that Lin Ziming is actually very ordinary, shook his head and said, "I never Go online."

Then he ignored Lin Ziming and said to Huangpudao: "Brother, just tell me, the truth of the matter, Adam is still there."

Seeing Lin Ziming roll his eyes in Huangpu Road, he no longer sells Guanzi, pointing directly at Lin Ziming and said, "He is the one who killed Adam, Lin Ziming, the most genius in China at present."

"what?!"

At this moment, Huangpudao's juniors reacted even louder, and the volume of the voice increased by several decibels. After Lin Ziming heard it, he felt a little harsh.

This is the first time that Huangpudao's juniors have said the word 'what'? Lin Ziming was a little bit helpless to complain.

Lin Ziming didn't bother to hide it. It was not a secret thing. He nodded and said, "Yes, Adam was killed by me."

Originally, Lin Ziming thought that he had admitted it, and Huangpudao's junior would definitely believe it, but the other party directly said, "Impossible!"

He shook his head and said confidently: "Brother, don't tease me. Adam is a super power at the pinnacle of the first-grade of the gods. As the strongest in the entire beautiful country, even in the western world, he is also one of the best. Devil, how could he be beaten to death by this kid? I have the impression of this kid. I saw him at the airport just now. Facing the danger of a little girl at the time, he didn't have the first time to take action. How could he have the ability to beat him? Adam?"

He was full of doubts, no, it shouldn't be said to be doubtful, but he didn't believe it at all, and believed that Huangpudao was joking with him.

Lin Ziming: "....."

He is speechless. This is clearly something that the whole world knows. What happened to the video footage of him killing Adam, there are still people who don't believe that he killed Adam and was drunk.

However, he didn't bother to explain this kind of thing, it didn't make any sense.

Anyway, Adam had been beaten to death by him, it was impossible to resurrect, and he would be beaten to death by the younger brother of Huangpu Dao again.

Huangpudao rubbed his temples and said, "Junior Brother, you haven't been

born for too long. You have been staying on the mountain. You don't know what happened outside. Adam was really killed by Ziming."

However, the younger brother of Huangpudao still didn't believe it, and he believed that Huangpudao was definitely teasing him.

After a pause, he said directly, "Brother, I am going down the mountain to find you this time. I want to find you to learn from you. I will go to the secret realm soon. I will win the first name in the secret realm dispute this time. Senior brother, please help me. Junior brother once!"

With that said, he still held his fist at Whampo Road, very solemnly.

Huangpu Dao just nodded, and then he thought of something, and said to Junior Brother: "Junior Brother, you can compare with Ziming. He is now above me. You are the same age. When you compare, it should be more helpful to you."

"He?" Huangpudao's Junior Brother looked at Lin Ziming again, shook his head, and said contemptuously, "Forget it."

Lin Ziming was speechless, well, he was despised again.
