

Chapter: 2150

Lin Ziming has long been accustomed to such things, and he doesn't bother to have a general knowledge of Huangpudao's juniors.

Next, from the conversation between the two brothers, Lin Ziming also learned that the name of Huangpudao's brother is Tuoba Liang, who is thirty-five years old this year, and it is the critical point of the spiritual realm, so he went out this time and went The secret realm is to break through to the realm of the gods.

After chatting with Huangpudao for a long time, Lin Ziming knew what he wanted to know, so he didn't continue to stay here.

Now that the Secret Realm is opened, there are only a few days left. During this time, he plans to return to Luo Tian to organize a trip. Speaking of which, since he joined the Luo Tian organization and rescued his mother, he has not returned. Luo Tian organized.

He is still a Southern Territory King of the Luo Tian organization, and he is quite ashamed to speak of it.

For the Luo Tian organization, Lin Ziming had always stayed away. Even if he successfully rescued his mother Qin Huayue, in his mind, the Luo Tian organization has always been a very mysterious and terrifying existence.

And this feeling mainly comes from Luo Tian, the leader of the Luo Tian organization.

He had seen Luo Tian...no, to be precise, he didn't really look at Luo Tian at the time, he just heard Luo Tian's voice.

At that time, he was just a little figure of Dzogchen in the congenital realm, and he couldn't perceive Luo Tian's true terror.

However, even if he recalls it now, he still feels that Luo Tian is terrifying and unfathomable. This is absolutely beyond Adam and Whampoa Road!

On Junlin Mountain that day, when he killed the original Southern King Lei Zhen, Huangpu Dao fought Luo Tian. At that time, Huangpu Dao failed, and it seemed that Luo Tian was relatively weak at that time. In other words, Luo Tian's strength is definitely much stronger than Huangpu Road!

Today's meeting between him and Whampoa Road, although there is no real professor with Whampoa Road, he can also feel that the strength of Whampoa Road is not much better than that of Whampoa Road. It is only between the first and second, that is, if he fights Whampoa Road, Whampoa Road is probably not his opponent.

To be honest, this feeling is quite strange.

After all, Whampoa Road is the god of war in China, and it is also the strongest man in China. When he was still in his innate realm, he worshipped Whampoa Road as an idol and his lifelong goal.

And now, he is finally catching up to Huangpu Road...

On the side of Huangpu Road, he looked at Lin Ziming's departure and said

with emotion: “It’s really talented people from generation to generation. The waves behind the Yangtze River push forward waves. A new era has arrived.”

Tuoba Liang heard his senior brother’s emotions and said: “Brother, you are still very young now, and you are the strongest in China, don’t you need to feel sad?”

Huangpudao glanced at him lightly, and said nothing.

Not long after, Lin Ziming left Yandu and directly came to the Luotian organization.

Lin Ziming still felt very moved when he came back to this forest. He thought that when he came back then, he was in a totally different mood from now.

Similarly, in the forest, he still met many tourists who came for adventure and hunting, but they were afraid to go deep in the forest and could not find the existence of Luo Tian organization.

It is said that the world of martial arts is a practice school, and they don’t value the development of science and technology at all, but instead put their own practice in the first place. But in fact, the secret way of their sect is the application of high technology, and ordinary people can’t tell the difference in their existence.
