

## Chapter: 2156

Finally, under Lin Ziming's tense prayers, the phone was connected, and soon the voice of his mother, Qin Huayue, came: "Hey, Ziming."

Hearing his mother's voice, Lin Ziming's heart that had been mentioned all the time was finally let go. Thankfully, as long as the mother has nothing to do, that's good, that's good!

Lin Ziming said, "Mom, it's so good for you! Mom, are you in the sect right now?"

The phone said: "Ziming, I'm not at the sect, have you gone to the sect?"  
Isn't there in the sect?

Hearing this answer, since Lin Ziming was accidental, it was reasonable. According to Jian Rushuang and their reaction just now, it is normal for his mother to be in the sect. If his mother is in the sect, he is considered a traitor, then his mother will definitely be implicated by him.

It's just that what he doesn't understand now is, how well, he has become a traitor to the Luo Tian faction?

Although he has never returned to the Luotian faction in the middle, and has no sense of belonging to the Luotian faction, he has never betrayed the Luotian faction. When the traitor said it, it was even more a fantasy.

"Mom, I'm at the gate of the sect. I saw Jian Rushuang just now, but they regarded me as a traitor..."

Lin Ziming told his mother what had happened just now on the phone.

On the mother's side, after listening, she didn't answer immediately, but fell into silence.

Seeing this reaction from his mother, Lin Ziming immediately realized that his mother knew about this, but he didn't know why, so he didn't even tell him, which seemed very strange!

However, he didn't immediately ask questions in a hurry, but waited for his mother's answer.

After a while, my mother's voice came and said, "This is how it happened. Some time ago, the Luo Tian faction was suddenly suppressed by the Eastern Sect of Heaven Killing, and the army also invaded, causing the Luo Tian faction to die a lot. Human beings are overwhelmed."

Then, mother Qin Huayue said some of the details. After Lin Ziming heard it, she took a breath, and she didn't expect that the Luo Tian faction had experienced such a tragedy!

"Mom, why did the Eastern Sect invade the Luotian Sect well? Isn't the Luotian Sect one of the four major sects?" Lin Ziming asked his doubts.

However, the mother sighed and expressed doubts, and said: "I don't know the specific situation, I am afraid that the Holy King will know."

Lin Ziming asked again: "Then why, Jian Rushuang, they think I am a traitor?"

After asking this sentence, the mother fell into silence again.

At this moment, Lin Ziming felt something was wrong even more.

He waited for a while, but he didn't hear his mother's answer. He thought it was disconnected, so he asked, "Mom, are you still listening?"

At this time, the call came from the mother's sighing voice and said, "I'm listening. Ziming, do you know why Jian Rushuang and the others think you are a traitor? It's because the Eastern faction invaded the Luotian faction that day, and they were threatening. , You betrayed the Luotian faction, so they found the entrance of the Luotian faction..."

Next, mother Qin Huayue also said more details, and these details are all brought out, he is a traitor, a traitor, united with the Eastern faction, and wants to annihilate Luo Tian!
