

## Chapter: 2167

“It’s me.” Lin Ziming nodded lightly.

The fat man looked familiar, sat down next to him, and said, “I have been paying attention to you for a long time. Don’t you suggest me to sit next to you?”

Lin Ziming said, “You are free.”

For this fat man, Lin Ziming briefly looked at it just now, which was a bit surprised, because he could see that this fat man’s strength is definitely not weak, and his realm has reached the half-step psychic realm, although on the surface it looks harmless to humans and animals. But the momentum revealed a strong evil spirit, a strong smell of blood, and it was obvious that he had killed many people.

After the fat man sat down, he took out a pig leg from his arms, and started to nibble, and suddenly thought of something in the middle of the bite, he handed the pig leg to Lin Ziming and said, “Do you want to eat it? I made the pig myself. The legs are delicious.”

Lin Ziming shook his head and said, “No, you can eat it yourself.”

“It’s really delicious.” The fat man stuffed the pork leg into Lin Ziming’s hand again, looking very enthusiastic, but Lin Ziming still shook his head and refused his kindness.

As a result, the fat man frowned, with an unhappy look, and said, “Are you not giving me face?”

He was originally harmless to humans and animals. When he frowned, he was immediately full of evil spirits. He looked particularly terrifying. He released a murderous intent to Lin Ziming, as if he was angry. As long as Lin Ziming didn’t give face, he would take action.

His change caused the other super geniuses around to look over and watch with interest, wanting to see how Lin Ziming would deal with it.

However, the smile on Lin Ziming’s face has not changed. He still smiled and said, “You can think so.”

As his words fell, the atmosphere became more dreadful, and Fatty’s expression became even more ugly. His aura continued to rise, becoming more and more terrifying.

If you change ordinary people, like Shangguan Rufeng, you will definitely be overwhelmed by this fat man’s aura.

But for Lin Ziming, he seemed to be unable to perceive it, and the smile on his face had not changed.

At the very moment of his death, the fat man suddenly put away his gloom, smiled again, restored his harmless appearance, and said with a smile, “Just kidding you, don’t be nervous.”

I have to say that the revocation of his aura was still very sudden. The last second was lightning and thunder, and the next moment was a clear sky. If it

was not for people who knew him, they would not be able to react.

Lin Ziming still looks like an ancient well, and said lightly: “You do it again, I will shoot you.”

Lin Ziming said this very calmly, as if he was just talking about an understatement and insignificant thing, but when it fell into the fat man’s ears, it turned into a huge wave and changed his face! !

Because he felt that the pressure of Lin Ziming’s words was not joking with him. If he dares to play with Lin Ziming, Lin Ziming will really attack him.

This made his face really ugly, and the corners of his mouth twitched twice.

He was silent for a while, and looked at Lin Ziming, but he still held back his intention to make a move. Instead, he smiled again. He was so honest and honest, that people could not see that he had actually acted murderously just now.

Lin Ziming smiled faintly, and didn’t put the provocation of this fat man in his eyes.
