

Chapter: 2172

From the beginning, Lin Ziming had a clear idea.

Besides, has he been underestimated and ignored rarely in his entire life? He was used to it a long time ago, and it couldn't cause a ripple in his heart.

The sky gradually darkened. At this time, at the same time, the clouds in the sky became more and more manic. The sky that was originally a clear sky suddenly became manic, condensing many dark clouds, and forming a whirlpool. The shape seems to be something coming!

Seeing this kind of weather change, Lin Ziming was a little surprised. He grew up so old and had never seen this kind of weather. It was too abnormal. For other people, there was no strange reaction, even their eyes exuded excitement. Some people couldn't help but said: "Here is coming, the secret realm is about to be opened!"

After this person's voice fell, there was a beam of light in the sky, which was very accurate to the entrance of the secret realm!

And the entrance of that secret realm was originally just a void, but the air actually became distorted, forming a small circular vortex with a diameter of more than two meters.

Seeing such a peculiar thing, Lin Ziming felt very incredible. He had never seen such a thing before.

Moreover, based on his theoretical knowledge and his worldview, such peculiar things shouldn't have happened.

However, with the facts in front of him, he also had to believe it.

Tuoba Liang on the side, his eyes brightened, and he said excitedly: "The secret realm is opened! Finally opened! I heard that this time the opportunity in the secret realm is greater than any previous one! I must seize this opportunity. Break through to the God Realm in one fell swoop!"

After he finished speaking, he walked over directly, then jumped into the vortex of twisting air, and the whole person disappeared!

It really just disappeared, Lin Ziming was completely unaware of his existence, as if he had disappeared out of thin air from this world, this time and space, and Lin Ziming couldn't help being surprised.

He couldn't figure out why such a thing happened, was it something that isolated his perception, or did Tuoba Liang really enter another world?

Not far away, Gong Chunqiu, seeing his reaction, said with disdain, 'Tubaozi'.

There are many other people who are also looking at him with mocking eyes, thinking that he is a soil bun from the country, and he has never seen him in the world.

At this moment, they have a sense of superiority.

Lin Ziming has indeed experienced such things, because even Huangpu Road and Saint King have never told him that the secret realm is like this.

In his opinion, he thinks that the secret realm is nothing more than entering the underground world.

In essence, it's still in this time and space, on the earth.

But now it seems that this is not the case.

This is really interesting.

Lin Ziming has always been a very accepting person, and soon he accepted this fact.

Then, other people continued to jump into the secret realm entrance, disappearing into the vortex of twisting air one after another.

Soon, there were only a few people left.

He also walked over, ready to jump in.

But at this moment, suddenly, he felt a strong hostility, coming from his back left!
