

## Chapter: 2176

After these words fell, there was no movement in that place, just a pile of weeds higher than people, as if Lin Ziming was talking to the air.

Lin Ziming frowned slightly, and said, "If you don't come out again, don't blame me for doing it."

His tone took on some coldness.

However, the other party still did not come out.

Now Lin Ziming was also a little impatient. He chased directly towards that place, and he was already in the bushes, facing the inside, it was a grappling, and he wanted to pull out the people hiding inside! !

He had already felt that someone was staying in the dark, and the aura was not weak. He didn't dare to be big in a place where the secret realm was in danger.

It is the correct way to kill all known dangers in the cradle.

When he reached the grass, the person inside finally moved and ran in the other direction with all his strength. I have to say that the speed is also extremely fast.

However, in front of Lin Ziming, it was still too much.

Lin Ziming sneered, "Want to run? Can you run?"

He chased up more quickly, found the other person's figure, and then directly grabbed the other person's neck and brought him back.

"Kiligulu..."

The other party uttered a language that Lin Ziming could not understand.

Moreover, Lin Ziming discovered that the other party was actually a woman, wearing clothes similar to ancient times, looking at him in horror and helplessness.

"woman?"

Lin Ziming was stunned for a moment, but he didn't expect that he would meet a human being here, and he would still be a woman.

It's just that what the other party said, why can't he understand it?

Moreover, Lin Ziming soon discovered that this woman was not the prince who came in with him, but that he had never seen it before.

In other words, is this woman a native of this world?

I have to say that Lin Ziming's mind changed very quickly, and after only a while, he had figured it out.

After seeing Lin Ziming, this woman was also surprised by what Lin Ziming looked like now, but then she thought of something and showed an angry and hateful look at Lin Ziming.

He also pointed his finger at Lin Ziming's face and was talking excitedly. Judging from her expression, it was obvious that she was scolding him, and the scolding was not very pleasant.

This made Lin Ziming's expression gloomy, and he didn't even take any

action against this woman, so the other party scolded him.

“shut up!”

Lin Ziming became impatient, so he directly scolded it.

Sure enough, the other party was startled by the strong aura that he exudes now, his face paled a lot, and he did not dare to continue to scold him, but the hatred and anger in his eyes could not be covered. This surprised Lin Ziming. He wondered why it was the first time he saw the other party, and the other party's hatred and anger towards him.
