

Chapter: 2177

“Can you understand me?” Lin Ziming asked directly. He is almost certain now that the other party should be a native of this world.

Although this idea is crazy, humans have been looking for traces of aliens over the years, desperately wanting to find other civilizations in the universe to prove that humans are not a lonely species in the universe.

The appearance of the secret realm now clearly shows that this is in another world, and human beings are not alone.

The other party seemed to be unable to understand what he was saying and did not respond to him, so he continued to look at him with that kind of hatred and anger.

This made Lin Ziming feel quite a headache, unable to communicate, there is no way to do it now.

Although this woman looks pretty attractive and good in figure, she is a beautiful woman, and her appearance is biased towards the mixed race on the earth, but Lin Ziming is not the kind of lustful person, for such an aboriginal, it can't cause him. What threat, he didn't bother to be familiar with the other party.

So he thought about it, and planned to let her go.

“Although I don't know why you hate me, this is the first time I have come to your world, but I am not embarrassed by you anymore, you can go by yourself.”

After Lin Ziming finished speaking, he turned around and left.

However, just after he turned around, the woman spoke again, and she still spoke in crappy Mandarin: “You...are bad guys...killed a lot of my family... I hate... you guys! You will get, punished...”

“Ok?”

Lin Ziming was stunned and surprised. He immediately turned his head and saw that the other person's face was very red, his eyes were breathing fire, and he clenched his fist tightly.

“You can speak our language?” Lin Ziming stared at her and said.

The other party said again: “Of course! We will never forget your...bad deeds to us!”

Lin Ziming understood that the feelings are the people who entered the secret realm in front. Have they ever committed many evil deeds to the natives here?

Knowing this, Lin Ziming fell silent, not knowing how to answer for a while. When the other party saw Lin Ziming's silence, tears flowed in his eyes. It seemed that he knew his own destiny. He took out a dagger from his body, put it on his neck, and said, “You outsiders are all The wicked, the gods will punish you!”

After speaking, her eyes were full of tears, as if she was about to commit

suicide, holding the dagger, she was about to wipe her neck.

Lin Ziming couldn't make her commit suicide. He shot directly. There was a small stone in his hand, which was ejected by his finger. When he hit it, he hit the opponent's dagger, and directly flew the opponent's dagger.

"I don't know what you have gone through, but I can tell you clearly that I arrived in your world for the first time, and what those people did to you before has nothing to do with me." Lin Ziming looked at her and said, Then he turned around and left.

The other party was stunned. Obviously, he didn't think that Lin Ziming would do this and would let her go. This was different from what she had heard from the clan.

She looked at Lin Ziming tightly, the hatred in her eyes was reduced a lot, but she was a little more confused.

However, she was not silly, and she was sure that Lin Ziming did not intend to infringe on her. She took a deep look at Lin Ziming, as if she wanted to remember Lin Ziming's appearance, and then she turned and ran! She wants to tell her people about this matter!

On Lin Ziming's side, he returned to the giant wolf corpse. Now he was hungry. He started to light a fire and started to barbecue to fill his stomach.

He took out his cell phone and found that there was no signal at all here.

Fortunately, he brought some tools for daily use, otherwise he would have to live the life of a primitive man drinking blood.
