

Chapter: 2181

He immediately rushed towards the source of the sound.

Soon, he arrived at the place where the incident happened, and immediately saw the scene that made him angry.

I saw that it was two men who were committing violence to a woman!

Moreover, he still knew this woman, she was the same woman he met for the first time a few days ago.

Now this woman has been pressed to the ground by these two men.

In addition to this woman, there are more than a dozen corpses nearby.

Looking at their costumes, it is obvious that they are all natives of this world.

As an earthling, Lin Ziming, to be honest, he doesn't have much affection for the aborigines of this world. He has never been a mother bitch. He has his own rules for the development of a world. Under normal circumstances, as an outsider, Lin Ziming will not interfere too much.

However, what makes him angry is that he knows these two violent men, they are his kind, they are the two fat and thin men!

“Hahaha, I didn't expect to see such beautiful beauties in this secret realm.

Tsk tsk tsk, it seems that the brothers are lucky.”

“Yes, I've heard Master said a long time ago that the secret realm is not only much better than the earth, the scenery is beautiful, and even the women here are the best, and they are particularly good to play!”

The two men were laughing wretchedly, and after holding down the woman, they were ready to put their hands on them, all kinds of humiliation.

And this woman was tied to her limbs, even her mouth was blocked, her face was full of horror and despair, she whimpered, trying to resist, but her strength, in front of these two men, seemed so great. Weakness is not a level at all.

Her struggle and resistance seemed so futile.

She even didn't even have the qualifications to commit suicide, so she could only stand to endure these pains and disasters.

However, at this moment, in her sight, she saw a figure walking from a distance.

“I'll just say why the aborigines of this world are so hostile to me? It turns out that it's a good thing you beasts have done!”

A cold, angry voice sounded, and the fat and thin people were immediately startled.

“who is it?!”

“Is it you, Lin Ziming?”

When they turned their heads together, they immediately saw Lin Ziming, with a cold face, walking towards them.

After that woman saw Lin Ziming, her eyes became even more desperate. In her opinion, Lin Ziming and these two beasts are all raccoon dogs, coming

to the same world, they will definitely join in and abuse her together.

And her destiny will fall completely into darkness and misery!

“Haha, Lin Ziming, it’s rare to come to this reckless world. Killing and arson are not illegal. When we brothers finish playing this beauty, it’s your turn.” The thin man winked his eyes and said, looking extremely wretched.

They were obviously not aware of Lin Ziming’s disgust and anger towards them.
