

## Chapter: 2183

After saying these words, Lin Ziming's figure disappeared. The next moment, he already appeared in front of the fat and the thin.

His speed can be said to be extremely fast!

In addition, there was a huge wave, the atmosphere of destroying the earth and the earth, which immediately changed the expressions of the fat and thin people.

Although Lin Ziming had a great reputation, and they had killed Adam not long ago, they also realized that if they were singled out, they would definitely not be Lin Ziming's opponent. However, they now have two people. If it is a siege, then the strength that can be exerted is not as simple as one plus one. They absolutely don't believe that Lin Ziming can beat them.

It can be said that among the twenty strong men who entered the secret realm this time, they were afraid of just one Xiaoyao King.

However, they felt Lin Ziming's momentum now, and they couldn't help being shocked. Obviously, they still underestimated Lin Ziming's power.

But speaking of it, even if this is the case, so what, they still have absolute confidence.

The thin man raised his mouth, showing a sullen smile, and said, "Dare to take a shot at us without toasting and fine wine? If this is the case, then you go to death!"

By the time he finished speaking, he had already fought with Lin Ziming.

I have to say that he ranks eighth on the immortal list, and his strength is still extraordinary, at least much better than Shangguan Rufeng.

At the same time, the fat man also shot one after another, launching a fierce attack on Lin Ziming.

Regardless of whether one of them is fat or thin, in fact, they are half brothers, and the same martial arts talents are extremely amazing.

Moreover, they created a unique combination of attack methods. Once they join forces, they can exert more than one plus one strength, even if they are the masters of the gods, under their cooperation, they have to drink hate!

Although Lin Ziming was very fierce, he felt a little pressure after being joined by two people, which was a little bit beyond his expectation.

Originally, he didn't have a wife who cared about these two people, not to mention that they were also on the list of immortals, but in fact, the strength of Lin Ziming was still quite different.

Especially after Lin Ziming defeated Adam, he gained a greater understanding, and his strength ushered in a greater breakthrough.

As for the woman on the ground, she was already dumbfounded, and would not be able to react for a while, why did they fight.

Are they not in the same group?

She just understood the conversation between Lin Ziming and Fat Thin. Now that her mind calmed down, she finally reacted enough. Is this later correspondent trying to save her, at the mercy of her companion? To be honest, Lin Ziming's approach greatly subverted her point of view.
