

Chapter: 2184

The damage caused by the battle between Lin Ziming and the fat and thin people was extremely terrifying, and it was only a short time before they had caused great damage in this forest. Many large trees with a diameter of more than a few meters. They were all broken.

As for the beasts around, after feeling their power, they all ran far away.

They all feel that they are more powerful in this world than on the earth.

Although the gravity here has increased a lot, they have gained a lot of weight, but because of the greater oxygen content and better environment, their heart and lung functions have become much stronger in just a few days. And most importantly, the animals here have higher nutritional value. After eating for a few days, they obviously feel that their physical fitness is much stronger.

It is precisely this way, their strength has also unknowingly improved a lot.

What they can fight in this battle is dark and dark.

Lin Ziming had one enemy and two, and he didn't lose the wind at all. It could be said that he was extremely tough.

For the fat and thin people, Lin Ziming's extremely powerful strength surpassed their expectations. They had never thought that Lin Ziming's strength could reach such a terrifying point, could it be said, Lin Ziming has caught up with Xiaoyao King?

The more they fought, the more frightened they became, but for Lin Ziming, the more they fought, the more excited they became, and their eyes became brighter.

These two guys can be said to have given him a great surprise. In particular, Lin Ziming's first encounter with their totaling skills was so subtle that it gave Lin Ziming a whole new experience.

Although this is not the first time that he has more than one enemy, he only played seven in the Kung Fu Cup last time, but the difference in strength is not of the same level at all!

Lin Ziming was still a little rushed at the beginning, and he didn't quite adapt to their style of play, and seemed a little embarrassed. However, as time passed, he became more and more used to the opponent's routine, and he gradually began to gain the upper hand.

This made the fat and thin people feel extremely frightened, even shocked.

In their eyes, Lin Ziming was completely like a precision-operated machine, not only had energy that was exhausted, but also had extremely delicate moves. The most terrifying thing is Lin Ziming's mental state, it is simply crushing them, which is really terrifying.

Now the fat man and the thin man looked at each other and saw the pressure and surprise in each other's eyes.

Finally, they couldn't help it a bit. Lin Ziming was like a lunatic, and he was

shocked by the appearance of killing them.

“Lin Ziming! As a strong man on the earth, you are of the same kind as us. In this other world, you actually don’t stand with us, and you want to fight us for a lowly native? Are you still a human!?” Right now the fat man scolded loudly.

The other thin man also said, “Lin Ziming, you are like fighting each other!” Lin Ziming naturally knew their thoughts, but just wanted to use words to numb him, and for their behavior, Lin Ziming was shameless from the bottom of his heart, “Stop talking nonsense, I said I would kill you. , It will kill you.”

“Damn...”

The thin man yelled, but, the next moment, his words were not complete, he saw Lin Ziming’s fist with a punching bag, flying towards his face, extremely fast.

He felt an unprecedented crisis in an instant, which enveloped his heart, causing him to numb his scalp, and he was about to dodge subconsciously. However, after another moment, after he dodged, he saw Lin Ziming’s face. With a sneer, he gave a chuckle in his heart, and secretly said that it was not good!
