

Chapter: 2185

Knowing that I was recruited.

Sure enough, in the next moment, Lin Ziming's other punch hit his abdomen, with greater speed and more fierce strength.

Almost in an instant, he couldn't dodge at all. He could only use his fastest speed to press down his hand at the moment of the moment, trying to block Lin Ziming's fist and unload some of his power. .

However, he still underestimated Lin Ziming's power too much, and when he didn't let go of his hand, he had already hit this punch.

“boom!!!”

There was a loud noise, and then followed by a screaming scream from the thin man. His tall body was hit by a cannonball. The whole person flew out towards the back, and then slammed hard. There was another loud bang on the big tree behind.

And this big tree with a diameter of more than seven meters was trembling violently, and many fruits on the tree began to fall to the ground.

This scene can be said to be shocked to the extreme.

And this punch directly severely wounded the thin man, causing him to spray out a mouthful of blood.

His face turned pale in an instant, and his eyes were full of fear and pain.

Because at the next moment, he saw Lin Ziming and didn't let him go. He would continue to shoot him, kicking him in the head with a heavy kick.

This kind of super invincible fear instantly enveloped his whole body, making his whole body numb, and the fear was extreme. He knew that if he didn't dodge this foot, then he must be kicked off!

This kick, he must avoid anyway.

However, in comparison, Lin Ziming's speed is too fast. He is seriously injured now, and he can't catch up with Lin Ziming at all.

“help me!!!”

At this moment, he uttered the most hysterical roar.

The fat man finally rushed over. He saw that the thin man was injured by Lin Ziming's punch. He also felt that his scalp was numb, especially Lin Ziming's kick. Once he hit the thin man, the thin man was really bad. Going to Xitian.

At this moment, he also exploded with tremendous strength and had to make a move. Lin Ziming had to be stopped, otherwise the thin man would be beaten to death, so he wouldn't be much better.

It was only now that he finally knew how terrifying Lin Ziming was, and how stupid and regretful it was to be an enemy of such a terrifying person!

But at this time, it didn't work for him to say anything, he must try his best to save the thin man.

So he also stimulated his potential. After showing off, Lin Ziming appeared

behind him, and he launched a fatal blow against Lin Ziming.
Lin Ziming felt the crisis, and the strength of this fat man should not be underestimated. Although he would not die if he suffered the fat man, he would suffer a lot of injuries. Obviously, this was not necessary.
