

Chapter: 2186

The fat man looked chubby and chubby, with a simple and honest appearance, harmless to humans and animals, but his shots were more insidious and cruel than the thin man. His direct shots were aimed at Lin Ziming's weakness. And it's still three-way downward. Once Lin Ziming was really hit by him, he would definitely be injured and even have a hidden illness.

"Huh!" Lin Ziming snorted coldly, and Lin Ziming was also a little angry with the fat man's indiscriminate moves.

He didn't have the choice to fight hard, but quickly moved away, first dodge the fat man's attack, and opened the distance. In this way, he can no longer shoot the thin man.

The thin man was saved by the curve of the fat man.

However, this does not mean that Lin Ziming will let them go, and that thin man is completely safe.

In an instant, the thin man felt that after Lin Ziming left, the terrible sense of crisis in his heart disappeared. At this moment, he was also panting. At the moment, he really felt that he was surrounded by death. Being beaten to death by Lin Ziming, this feeling is really uncomfortable!

After the Fatty forced Lin Ziming away, he also had no choice to pursue the victory, because he knew that there was no teamwork of the Skinny, and by himself, he was not Lin Ziming's opponent at all, so his reaction was extremely quick and he was saving. After getting rid of the thin man, he immediately said to the thin man in a deep voice, "Escape!"

The thin man was hit hard by Lin Ziming just now, and he had already lost the idea of confronting Lin Ziming. He now heard the fat man's suggestion that there was no reason to hesitate, and immediately nodded and resorted to his last sucker. Strength, turn around and run.

Seeing their movements, Lin Ziming raised his mouth slightly, showing a disdainful smile, and said, "Want to run? It's too late!"

Originally, Lin Ziming was in this different world, and he didn't have a murderous mentality for the same kind on earth, but the behavior of the thin and fat just now really stimulated his murderous intent.

Moreover, these two people can be regarded as one of his competitors. If they are let go, it will be a hidden danger in the future, and they will win the fruits with him!

The most important thing is that fighting has broken out today, and it is considered to have been grieving. After the thin and fat men recover, they will definitely retaliate against him if they catch the opportunity. Lin Ziming will definitely not keep such hidden dangers.

Although Lin Ziming is still a kind person deep in his heart, it does not mean that he is a soft-hearted person. He has always been killing and

decisive.

So in an instant, he chased after the fat and the thin!

The thin man and the fat man ran in front, and they immediately felt it. From behind, there was a huge wave of momentum and murderous intent, and it was obvious that Lin Ziming was chasing them.

This kind of powerful breath really made them feel their heartfelt fear!

As the seventh and eighth superpowers on the list of immortals, they have been so embarrassed for a long time.

Originally this trip to the secret realm, they were very confident that they could go to the end. In their opinion, as long as the two of them work together, no one other than Xiaoyao King can pose a threat to them. Even Lin Ziming, who is the most popular recently, has a lot of boasting, and they really didn't put Lin Ziming in their eyes.

But now it seems that this is not the case at all!

Lin Ziming didn't brag about it, on the contrary, his strength was underestimated!
