

## Chapter: 2190

On the fat and thin sides, they used the strength of feeding to escape, and finally escaped from Lin Ziming's claws. After they could not feel Lin Ziming's breath, they made sure that they had escaped completely, and they were relieved. They took a sigh of relief, but they didn't dare to stop right away. Instead, they continued to run for a while, until they had walked a long way, they stopped and gasped for breath.

At this moment, they were all extremely embarrassed, especially the thin man. Now his face was full of pain, and his body was still covered with blood and sweat. After running like that just now, they only felt that their internal organs were about to explode.

Now that he relaxed completely, he lost all the strength to support, suddenly his body slumped down and fell to the ground.

And that fat man is much better, but he is also very embarrassed now. Lin Ziming had been forced to do so. If he hadn't made a decisive decision, the strong man broke his wrist and pulled out two bombs in time. Now it is estimated that he would be killed by Lin Ziming Up!

He also stopped, gasping for breath. After a while, he was already gasping, and then gritted his teeth and cursed: "This damn Lin Ziming, I can't spare him!!"

When he said this sentence, his tone was full of hatred and anger. He hated Lin Ziming to the extreme, and the thin man became even more ferocious. He popped a sentence from his teeth, "This damn Lin Ziming, In this horrible place, for an aboriginal woman, to meet us, and beat Lao Tzu like this, Lao Tzu will not kill him in this life, and vowed not to be a human!!

However, he said too urgently, affected his body injury, coughed violently, and vomited blood.

The fat man quickly patted him on the back, and the infuriating energy was injected into his body to help him stabilize.

"Slow down, you're hurt, don't get too excited." The fat man said in a deep voice.

The thin man coughed for a long time, only to feel that his internal organs became more uncomfortable. At the same time, his hatred for Lin Ziming became even greater.

After he breathed in, he gritted his teeth and said: "I still underestimate the strength of this guy. I don't think he is so powerful, even if he is Xiaoyao King!"

When the fat man heard this, he also fell silent. For Lin Ziming's terrifying strength just now, he now has lingering fears. If he hadn't reacted in time just now, then it is estimated that he has been killed by now.

"This Lin Ziming is indeed powerful. Even our teamwork is not his opponent, and there is no harm to him. His strength is probably on the same

level as King Xiaoyao.” The fat man said in a deep voice, and then he thought of something. , And cursed his mother: “I originally thought that the biggest threat to this trip to the secret realm was King Xiaoyao. Together, our brothers would definitely be able to grab a lot of fruits. We would break through to the realm of the gods in one fell swoop and be at ease on earth. A Lin Ziming popped up! Damn!!!”

When he thought of this, he was particularly depressed, and now he and Lin Ziming became mortal enemies, as long as he meets again, Lin Ziming will definitely not let them go.

The thin man was also full of annoyance on his face, and even slapped himself, scolding himself: “I knew this, I shouldn’t have thought of hitting that indigenous woman just now!”

Fatty shook his head and said, “That’s not what it said. We two are also the seventh and eighth super powers on the Fengxian list anyway. We can’t fear Lin Ziming so much and lose all our spirit!”

“Then what can you do now? Offended Lin Ziming, and now the secret realm is still open for a while. Next time we meet Lin Ziming, he will definitely not let us go. It’s just this damn fruit, too. There is no such quick result! Alas...”

He was full of regret and regret now.

Fatty’s eyes rolled a few times, revealing a burst of cunning, and then said: “Yes, although we are not Lin Ziming’s opponents, we can drive away tigers and devour wolves!”
