

Chapter: 2195

He is the leader of the evil tribe, and now he contemptuously sweeps everyone in the Dilidal tribe, highlighting enough arrogance and arrogance to be invincible.

“The price has increased today, and the clothes you gave us are not enough.” The bald-headed man Indal said loudly. Since he speaks an indigenous language, Lin Ziming couldn’t understand it. Dilidal next to him immediately gritted his teeth and said: ” This damn evil leader, we give them a lot of clothes for free every year, they are not satisfied, and now they need twice as many clothes! How can we get so many clothes!”

Lin Ziming understands, this is a typical good measure.

It seems that the weak and the strong eat, no matter where you go, it is inevitable.

“Do you have any other allies?” Lin Ziming said curiously.

Dilidal shook his head and said: “No, the evil tribe is too powerful, and no tribe dares to offend the evil tribe.”

Lin Ziming didn’t speak anymore. He can still see that the overall strength of this evil tribe is indeed much stronger than Dilidal’s tribe. If nothing else, just the evil leader can be swept away by strength. Up.

There is no martial arts in this aboriginal world, but because of the different environment, the aboriginals here can grow very tall and strong.

The evil leader on the opposite side was already comparable in strength to the strong in the innate realm on earth.

And Dilidal’s tribe obviously has no one who can fight against the evil leader.

“We don’t have so many clothes! Indal, don’t bully people too much, we have already given you all the clothes we can give you!” The middle-aged man here seems to be the leader of the tribe, clenched his fists, angrily Stared at the evil leader.

People from other tribes also expressed anger, but they didn’t dare to speak too harshly, because just now, they had been taught by the evil tribe, and there are still many tribe youths lying on the ground.

Most of the people standing now are women, children and elders. In terms of strength, there is absolutely no way to compare with the evil leader.

The evil leader twisted his neck with a grinning smile on his face, and said, “No matter what method you use, the clothes this year must be doubled. Otherwise, I will be rude to you and take all your clothes away!”

His dominance made everyone in the tribe very angry, especially the young people, who were extremely angry. They clenched their fists and stared at the evil leader. They wanted to fight the evil leader hard, but when they thought of the evil leader They dare not act rashly.

At this time, an old man came out and said hoarsely: “Respected evil leader,

we really gave you all the clothes we can give you. Now there are no extra clothes. I hope that the respected evil leader, you don't want to Embarrass us.”

After speaking, the old man still trembles slightly to the evil leader, kneeling...

This scene can be said to have deeply stimulated everyone in the tribe.

And it just so happened that Dilidal, who rushed over, also saw this scene, and she yelled: “Grandpa!!!”

At this moment, everyone looked over, especially the people of the evil tribe. After seeing Dilidal, they all showed amazing expressions.
