This scene, in everyone’s eyes, was extremely shocked, unexpected, and shocking.

When they reacted, the evil leader’s iron rod actually fell firmly into this person’s hands, not moving, and this person didn’t have any injuries.

But no, his face is flushed, and there is still no way to do it. This made him feel very shameless, he suddenly screamed a few times, and kicked Lin Ziming’s lower body fiercely. He was about to abolish the annoying guy in front of him!

When other people saw this movement of the evil leader, they all screamed, thinking that Lin Ziming must be abolished, after all, that is the weakness of the human body.

She screamed sternly, and everyone fell down suddenly, his face full of pain.
