

## Chapter: 2205

If this spreads out, it will definitely cause a huge shock.

And the most important thing is that Tian Jue's daughter carries an "Aura" on her body. Although no one knows what this so-called "Aura" is, but it can make the power of the god-passing realm take that step and reach the real The immortal realm, just this point is crazy enough!

It is conceivable that once this message is sent out, it will definitely cause a global shock. I don't know how many people will be crazy about it.

Kunlun said: "Sure enough, this old thing Luo Tian did a good thing. He is really not afraid of death. But Tian Jue, since your daughter was stolen by him many years ago, now the aura of your daughter's body is probably already... .."

At this point, he didn't want to continue speaking, but the meaning expressed in it was already very obvious.

But Tian Jue didn't have any panic, but said lightly: "Aura is still not mature..."

Hearing this, Kunlun breathed a sigh of relief, and immediately thought of something, and immediately became nervous again. Tian Jue now has obvious self-confidence on his face, indicating that he is still quite sure of finding his missing daughter.

However, once Tianjue really takes that step, then at that time, I am afraid that the entire earth will usher in a huge change!

At the same time, he also had an idea in his heart. If he found the daughter of Tian Jue first and got that aura, then...

Tian Jue seemed to see through his thoughts at a glance, and said: "Kunlun, you don't have to hit my daughter's idea. Only I can remove the aura of my daughter. When I remove the aura, I can let me Your daughter marries your son."

Hearing this, Kunlun waved his hand and said embarrassingly: "Tian Jue, you have been worrying too much. How can we beat your daughter's idea after so many years of friendship? However, this matter is serious. Getting aura is probably a catastrophe for my Heavenly Killing Sect, we still have to be careful."

Tian Jue said indifferently: "Don't worry, absolutely nothing like this will happen."

With absolute self-confidence, he paused, then raised the corners of his mouth, and said, "Besides, I'm almost going to find her."

When Kunlun saw him like this, he was shocked and stopped talking.

At the same time, Hua Guo.

In a luxurious meeting room, a group of senior executives of the company are having a meeting. Sitting in the main seat is a woman who is all over the country.

But with so many men present, they dare not disrespect this woman. Because this woman is the vice chairman of the Lin Group and the wife of the boss at the same time, she is Chu Fei. Now she was absent-minded, and even a little pale on her face. She obviously didn't listen to the reporting work of her subordinates. Finally, the strangeness of her was discovered by the others in the conference room.
