

## Chapter: 2206

“Chairman, are you okay?”

A female subordinate asked caringly.

Chu Fei came back to her senses and shook her head. Then she stood up and said to the others, “You continue the meeting.”

After speaking, she left the meeting room directly.

After she left, everyone else thought it was strange, but they didn’t think too much.

In the Lin Group, it is Lin Ziming’s words, and Chu Fei is Lin Ziming’s wife, so Chu Fei’s status is also extremely high, no one dare to be disrespectful to her.

After Chu Fei left the meeting room, she let out a long breath, and at the same time began to knead her temples, her face was full of sadness, and she felt exhausted.

Indeed, during this period of time, the string in her heart was so tight that she almost couldn’t breathe.

In particular, she has nightmares more frequently, and now she has nightmares almost every night.

Because of this, she didn’t even dare to sleep with Tao Sanniang. It was not that she didn’t believe in Tao Sanniang, but she didn’t want to put too much pressure on Tao Sanniang.

I don’t want to affect Tao Sanniang because of my own business.

She can clearly feel that her good days are running out. The father, who has never been masked, is getting closer and closer to her. Maybe he will find her sometime.

Moreover, now her memory is slowly recovering, and she also begins to know who she is.

When the time comes, if the father who has never been masked comes to her, then what awaits her is an irresistible order.

This deep sense of powerlessness accompanies her whole body and makes her spend every day in anxiety and tension.

She even knew that this father was too strong, even Lin Ziming’s current strength was definitely not his father’s opponent.

Alas, she sighed heavily, only to feel that God was really unfair to her.

I finally found my happiness and lived the life I wanted, but it didn’t take long before God made such a huge joke for her!

She also wanted to resist in the past, but she knew that she could not resist, even if she fled to the end of the world, her father would find her.

Perhaps, it’s almost time for her to say goodbye, right?

However, now that Lin Ziming has gone to the secret realm, she cannot return in a short time. If she leaves Lin Ziming’s world without seeing Lin Ziming for the last time, then it is a big deal for her Blow.

At this moment, there was a sound of footsteps behind her.

“Feifei, why are you here... Oh my God, why is your face so ugly?”

When she heard this voice, Chu Fei knew that this was Tao Sanniang. She was also working in the Lin Group and became Lin Ziming’s right-hand man.
