

## Chapter: 2213

The thin man also nodded and said, "It's true, Brother Xiaoyao doesn't believe me, you can look at the injuries on my body."

So he lifted up his clothes and let everyone see his current injury.

Sure enough, after the others watched it, they also began to move. These injuries are not fake.

So they all had to believe that Lin Ziming's strength was indeed very powerful, and also very arrogant!

Xiaoyao King's eyes were cold and he snorted. Although he didn't speak, everyone knew that he was killing Lin Ziming.

On Lin Ziming's side, he still stayed in Dilidal's tribe. Because he defeated the evil leader and made the evil tribe afraid to attack them in the future, the whole tribe was very grateful to him, and at the same time regarded him as The invincible warrior, worshipped incomparably.

Lin Ziming stayed for a while, but he still didn't find any fruit, and he felt a little irritable.

This time he came to the secret realm, just rushing to the god-passing realm, if he couldn't break through, then he would come for nothing.

The most important thing is that this is a competition. If he can't break through and others break through, then his strength will be pulled away.

Once the strength is pulled away, then he is in danger.

He didn't think that those guys would let him go after they broke through the God Realm. Especially that Gong Chunqiu, with natural hostility towards him.

So during this time, he also increased his efforts to collect fruits, but unfortunately he was still unable to do anything.

"Lin Ziming, you have been distracted during this period of time. Is it because we live here uncomfortably?"

As he was thinking, Dilidal walked in and said sadly.

Dilidal looked wild and heroic in tight-fitting clothes.

I have to say that Dilidal is still very charming. I don't know how many people in the tribe want to marry her. Unfortunately, Dilidal is not interested in these people and often stays with Lin Ziming.

Lin Ziming shook his head and said, "It's not like that, but I'm about to leave."

When Dilidal heard this, he immediately became excited and said, "Why are you leaving? Did we do something wrong?"

"It's not for this reason, it's something I need to look for. You don't have it here. It's time to leave." Lin Ziming shook his head and said with a smile:

"Dilidal, thank you very much for your hospitality during this time."

Dilidal's eyes turned red immediately, and he said, "Lin Ziming, do you hate me?"

Lin Ziming was taken aback, shook his head and said, “How can I hate you? It’s just that I am an outsider and I am destined to not stay here for a long time. Sooner or later, I will leave too.”

Dilidal lowered her head, not to say bad, but she could tell at a glance that she was sad.

At this moment, suddenly, from outside, there was a burst of exclamation...
