

Chapter: 2214

Their exclamation this time was not fear and anger, but surprise and happiness. Many people were shouting “miracles” and “miracles”.

Because Lin Ziming has lived in the tribe for a while, he has now learned a lot of local dialects, and he can even communicate normally.

His learning ability is far beyond ordinary people, so after seeing Dilidal, he was surprised by Lin Ziming, saying that Lin Ziming is a genius, and he can learn their language in such a fast time.

Hearing their exclams, Lin Ziming was also surprised. What exactly was the ‘miraculous’ they shouted?

After Dilidal heard it, she was also taken aback for a while, and then said in surprise: “The family must have found the baby again, Lin Ziming, let’s go and see.”

After finishing speaking, she didn’t give Lin Ziming a chance to refuse, she directly took Lin Ziming’s hand and ran out.

Lin Ziming was helpless, but his hand was tightly held by Dilidal. He was not able to struggle, so he had to let Dilidal hold him and leave.

In fact, he was also a little curious about what the miracle was shouting in the tribe.

He has a little thought in his heart, will it be...

Soon, he followed Dilidal to the tribe, and many people were cheering around and dancing their local celebration dance.

People in the tribe found Lin Ziming and they all showed respect. Many people also saluted Lin Ziming and expressed their respect for Lin Ziming.

Then someone gave Lin Ziming a place and signaled Lin Ziming to see the so-called miracle.

Lin Ziming was able to understand them, and some people suggested to dedicate the ‘miracles’ to him.

Soon, Lin Ziming passed by and saw what they called the ‘miracle’.

At this sight, Lin Ziming’s heartbeat speeded up immediately, and his eyes couldn’t be moved for a while, because he discovered that the ‘miracle’ they were talking about was the fruit he was looking for!

Moreover, there are still a lot of them, there are three!

I saw that these three fruits were actually suspended in the air. Without any support, they could be suspended in the air, but they would not move, and they would be placed there quietly!

These three fruits, at a glance, knew that they were extraordinary things. From their bodies, Lin Ziming could clearly feel the huge energy contained in them.

This is the first time Lin Ziming has seen fruit. Before that, he had only heard Huangpu Dao and His Royal Highness describe it. But even so, he can be sure that the three fruits in front of him are what he is looking for. s

things!

Even at this moment, there was a crazy greed in his heart, and he even had the idea of taking it!

When this thought came out, he was also taken aback.

Because in his heart, he has a voice, that is to get these three fruits desperately.

This voice appeared in his heart, but it seemed to have induced him from these three fruits.

He has a kind of directness. If he swallows these three fruits, the huge energy, he can directly break through to the realm of the gods and become the rare land immortal in the world.

However, no matter how fanatical this idea was, he still resisted it.

Because these three fruits were not discovered by him, but by other people in the tribe, they did not belong to him.
