

Chapter: 2215

Of course, the enthusiasm he showed just now was caught by other people present.

An old man of the tribe said: “Honorable dumb warrior, do you see the miracle?”

Faced with such a straightforward question, Lin Ziming was somewhat embarrassed. She nodded and said, “These three fruits are very important to me. However, this is something that belongs to your tribe and I will not take it away. Don’t worry. .”

Hearing Lin Ziming’s words, the faces of these people in the tribe showed expressions of admiration.

They all knew that Lin Ziming was not dumb, but because he could not speak the local language. Now they have accepted the fact that Lin Ziming can speak, but they still don’t know that Lin Ziming is not a native of this world, but something they hate. Intruder.

The old man of the tribe continued: “Respected dumb warrior, you saved our tribe last time. In these days, you have also taught us many things. These three ‘miracles’, we are willing to dedicate to you.”

Hearing these words, Lin Ziming was immediately stunned. He said with a little unbelievableness: “This is your baby, did you give it to me so easily?” He can also see that these three fruits are very important to the tribe. In his opinion, they are very generous if they are willing to give one to themselves, but now that they are willing to give them all to themselves, it really made him feel admiration. !

The old man of the tribe asked the others, “My sons, are you willing to dedicate the ‘God Rank’ to respected dumb warriors?”

“willing!”

“willing!”

“I would...”

They all expressed their willingness, even if there were a small number of them, a little reluctant, but under the instigation of the big trend, they nodded.

Then, the old man of that tribe put away the three suspended fruits, and then presented them to Lin Ziming, signalling Lin Ziming to accept them.

To be honest, Lin Ziming is not a person who is easily moved, but now he is also moved. The people in this tribe are too simple and much better than most people on earth.

He hesitated for a moment, and did not accept it immediately, Dilidal said: “This is our respect and gratitude to you, do you want to reject us?”

The old man of the tribe also said: “Please accept the respected dumb warrior.”

Lin Ziming sighed and said, “Actually, I have a secret that I haven’t told

you all the time.”

Dilidal’s expression immediately changed when she heard this, because she knew what Lin Ziming was going to say. Just as she was about to stop, Lin Ziming continued: “Actually, I am not from this world. It’s from another world, the intruder you hate.”

Sure enough, after hearing these words, all the people present changed their expressions drastically!

Many people even stepped back, and the look in Lin Ziming’s eyes became different.

The old man of the tribe was obviously taken aback, and then said: “Dumb warrior, don’t be kidding.”

Lin Ziming shook his head and said, “I’m not joking, you can ask Diridal if you don’t believe me.”

For a moment, everyone looked at Dilidal.

When they saw Dilidal biting his lips tightly, they knew immediately that Lin Ziming had not lied.

This message is really a bolt from the blue for them. The dumb warriors they respect are actually invaders and their enemies?
