

Chapter: 2217

She finally couldn't help it anymore and screamed loudly.

"Invaders, invaders, you know the invaders! But you don't know what the invaders are!" Dilidal roared out: "Lin Ziming did come from another world, but he is not an invader. He and others People from a world are different. He has kindness in his heart. After he came into our world, he has never hurt any of us here! On the contrary, he also saved us. Have you forgotten it? If It's not because of Lin Ziming, we have been bullied to death by the evil tribe a long time ago!"

"You all condemned me, blamed me, insulted me, thinking that I harmed you! But you don't know how I met Lin Ziming! If it weren't for him, I would have died!!"

Dilidal was very emotional. She quickly told about Lin Ziming's acquaintance, especially the first time she met. She was violated by the fat and thin. It was Lin Ziming who appeared and rescued from the hands of the other two intruders. Down her.

However, after she finished speaking, some tribesmen looked much better.

However, most people still didn't believe her, and even thought she was bewitched by Lin Ziming and wanted to drive her out.

Dilidal was very sad and sad for this situation.

Fortunately, the old man in the tribe was a wise man. He didn't think that Dilidal had betrayed them, he just thought that Dilidal was unintentional.

But for Lin Ziming, they were no longer grateful, and these three fruits were immediately stored and no longer given to Lin Ziming.

However, just as they were about to put them away, suddenly, a loud voice came from behind them.

"Hahaha, three fruits! Three fruits are hidden in this little tribe where birds don't shit, haha, I'm so lucky!!!"

When the other people in the tribe heard this sound, they were immediately taken aback. Then, they looked back quickly and immediately discovered that there were three men in alternative costumes walking towards them with a grinning face.

Their eyes are all looking greedily at the three fruits in the hands of the tribe old man.

"No, this is an intruder, a damn intruder!!!"

"This is the damn Lin Ziming's associate!"

"I said that the intruder is not a good thing. He saved us before to gain our trust. It is too hateful. The intruder has no good things!"

"Erlang, take up your weapons, fight against the damn invaders, and avenge the dead people."

The people of the tribe all took up their weapons and looked at the three invaders who came by full of hostility.

If Lin Ziming was here, he would be able to recognize them. The three invaders were fat and thin, as well as Xiaoyao King's junior, Gong Chunqiu. They actually found this place.

They came as soon as Lin Ziming's front foot left.

Diridal also recognized the fat and the thin, pointed at them, and immediately shouted out angrily and hatefully: "It's these two damn invaders! They killed the people, they also want to force me to mate with them, it's Linzi Ming saved me!!"
