

## Chapter: 2218

Hearing Dilidal's words, the people in the tribe became even more angry and hated, each of them clenched the weapons in their hands, exuding an aura of death and destruction.

"It's these damn invaders! They will definitely be punished by the God of the Earth and drive them all into hell!!"

They cursed, and showed unprecedented hatred and hostility towards these three invaders. Even with that, they hated Lin Ziming even more, thinking that Lin Ziming was the same person as them.

They couldn't remember how Lin Ziming protected them and treated them kindly during this period of time. Now they have been completely filled with hatred and anger.

It's just that their hatred and anger, for Gong Chunqiu and Fat and Thin, did not have a deterrent effect at all, but made them even more contempt and disdain.

In their view, these people in the tribe are basically ant-like existences, and in front of them, they are completely vulnerable.

"Damn invaders! You demons, we fought with you!!"

Immediately there were a few youthful young men with sharp weapons in their hands, and they rushed towards the three people quickly, trying to get them all away.

It's just that their speed is too slow in front of the three of them, and there is no difference between them and a snail.

Dilidal knew how powerful these three invaders were, and immediately shouted, "You come back! You are not their opponents, come back..."

However, they didn't listen to Dilidal's words at all. They were blinded by hatred, and now they had only one idea, which was to kill the three damn invaders and avenge the people.

The corners of Gong Chunqiu's mouth raised, revealing a sneer full of disdain and ferociousness, and said, overwhelmingly.

He stood there, with his left hand on his back, as if he was an expert, he didn't even put these people in his eyes, and when they arrived, he would shoot directly.

Bang Bang Bang, a few consecutive kicks, suddenly, the warriors of these tribes, like a ball, were kicked upside down by him. At the same time, there was the sound of broken bones, extremely cruel, and I heard Ling Ling. People feel creepy.

They didn't even scream, they were dead when they were directly in the air, and when they fell heavily, they had already become a corpse.

Suddenly, the audience fell silent, everyone's eyes were cracked, watching this scene closely, the hatred and anger in their eyes had reached an extreme level.

Dilidal's eyes turned red all of a sudden, she pointed to Gong Chunqiu angrily, "You damn invaders, you must not die, you must not die..."

Because she was using the language of the earth, Gong Chunqiu and the others could understand it, and immediately Gong Chunqiu showed a strange look and said: "Oh, I don't think of this little girl, who still knows the language of the earth, it's kind of interesting. Gee."

When he looked at Dilidal, his eyes showed greed and wretchedness. When he saw that Dilidal was a beautiful woman and she was so beautiful, he was immediately moved.

The fat man said from the side: "This little girl is the one we met before. She was rescued by Lin Ziming. She must have a close relationship with Lin Ziming. Most of her earth language was taught by Lin Ziming."

Sure enough, after Gong Chunqiu heard this, the joking and greed in his eyes became more intense. At the same time, he was a little bit more playful, licked his lips, and said, "Lin Ziming's woman, tusk, Then I have to taste it even more."

The way he looks now is completely perverted, and it makes people disgusting.
