

## Chapter: 2221

And this old man still had an expression of horror and begging for mercy, he was already stiff, there was no movement, and there was no sign of his life.

This action of his shocked everyone even more, causing them to kneel down one after another, expressing surrender to him.

Only Dilidal did not kneel, she raised her head, full of hatred and unconvinced staring at Gong Chunqiu.

Gong Chunqiu walked up to Dilidal, with a joking smile on the corner of his mouth, "Oh, it seems that she is still a fierce woman. My favorite is to play with her."

Dilidal popped a sentence from his teeth, "You will definitely die, you will definitely die! Lin Ziming will definitely not let you go! You invaders will definitely die here with us, and suffer from the earth forever. God's torture and punishment!"

After saying these words, there was determination in her eyes, and then she suddenly took out a dagger from her arms.

And there is no stab towards Gong Chunqiu, because she knows that with her strength, Gong Chunqiu can't be threatened at all, she now wipes the dagger to her neck!

She is going to commit suicide.

Even if she is dead, she does not want to be bullied by these brutes!

However, she still overestimated her own speed, or underestimated the other party.

Gong Chunqiu grabbed her hand when she didn't even rub her neck. At the same time, Gong Chunqiu said playfully: "Little girl, in front of my Gong Chunqiu, your life is no longer determined by you. You. Only I can judge his life."

Dilidal was caught by Gong Chunqiu with panic in her eyes, and she felt the look Gong Chunqiu looked at her, which was completely brutal. If she fell into Gong Chunqiu's hands, then her fate would definitely be Extremely miserable!

She reacted quickly, and she was about to bite her tongue and kill herself.

However, her movements were still discovered by Gong Chunqiu, and when Gong Chunqiu tapped her body twice, her body could no longer move, and Gong Chunqiu gave acupuncture points.

"I have already said that in front of me, your life and death are no longer in your control." Gong Chunqiu said with a smile, and his face revealed extremely self-confidence and arrogance.

Indeed, at this time, no one except King Xiaoyao was in his eyes. He believed that in this world, only King Xiaoyao could crush him. The others, even Bu Jingyun and Sakyamuni. Johnnie will be surpassed by him sooner or later.

As for Lin Ziming, he was even more indifferent, thinking that it was just a person who was bragging about by the world, and it was vain.

Dilidal was frozen, her face showing despair.

She knew that she must be dead, and what awaited her next was endless humiliation.

Gong Chunqiu touched her face, feeling the tenderness of her skin, showing a wretched expression, "It's not bad, it's very watery, it must be fun to play, hahaha."

Next, his gaze looked at the three fruits floating in front of him, and great greed and fanaticism broke out in his eyes.

Three fruits!

This is one more than the two that Xiaoyao King got.

If he swallows it, he can break through to the God-Communication Realm at once. At that time, he will return to the earth. Isn't it a one-of-a-kind existence?

At this moment, the three fruits in front of him were left in his eyes, and he didn't even realize that there was a powerful breath approaching them!
