

Chapter: 2227

It was only at this time that Gong Chunqiu understood that Lin Ziming was not just a mere manifestation, but a real horror!

Yes, he started to regret it. He had known Lin Ziming was so good, so he was not so big just now, and directly let the fat and thin people join together, and the three people joined together.

Only now, even if he regrets it, he does not regret taking medicine. The only thing he can do is to raise his spirit to the extreme, force all his strength out, and hold Lin Ziming's punch, as long as he blocks it. With one punch, he obtained breathing space, then he could call on the fat and the thin, and besiege Lin Ziming to death!

As long as he killed Lin Ziming, the three fruits would still be his.

It's just that his abacus was very good, but he still underestimated Lin Ziming's strength, or rather, he overestimated his strength too much.

Lin Ziming's face is not waved, and there is no trace of expression, even the pupils are cold, as if he has entered a ruthless state, when he looks at Gong Chunqiu, there is no contempt or ridicule. It seemed that Gong Chunqiu was not a person or an enemy in front of him, but just a sandbag.

This punch finally hit Gong Chunqiu's body. Although Gong Chunqiu's reaction was fast enough and timely enough, he still underestimated Lin Ziming's strength too much.

Lin Ziming's punch condensed most of his strength and directly broke Gong Chunqiu's defense and hit Gong Chunqiu on the chest.

With a bang, Gong Chunqiu's chest ribs were directly broken by him!

At the same time, Gong Chunqiu couldn't help but let out a scream.

It hurts too much, even his willpower can't help it.

But compared to pain, he was more shocked and fearful!

Isn't it? You know, his current physique is not comparable to that of ordinary people. The toughness of his ribs is comparable to high-strength stainless steel!

Even if he stood there and let the Innate Realm master hit him hard, it wouldn't hurt him, but now, he was interrupted by Lin Ziming's punch.

Moreover, even when he broke his arms forcefully, from this point of view, how powerful is Lin Ziming's power!

Even his brother Xiaoyao Wang is nothing more than that!

At this moment, he was really scared. When he looked at Lin Ziming, he no longer had the arrogance and arrogance he had just now. Now he finally realized what kind of existence he was provoking.

He saw the indifference in Lin Ziming's eyes, and when he looked at him, it was like looking at a beast, which made him even more frightened. At the same time, he also saw Lin Ziming's murderous intent on him.

He had the idea of resisting. Taking advantage of the momentum that

this punch gave him, he quickly backed away, and distanced himself from Lin Ziming. At the same time, he shouted loudly, “What are you two still wondering? Go on with Lao Tzu and kill this guy!!!”

The pride and arrogance just now turned into spring water. When he faced Lin Ziming, he was already hostile.

The fat and the thin were also stunned, obviously not expecting that Lin Ziming would defeat Gong Chunqiu so easily.

Although they all believe that Gong Chunqiu is definitely not Lin Ziming’s opponent, they all feel that Gong Chunqiu will definitely be able to fight Lin Ziming for a long time, and even hurt Lin Ziming. When they both lose, they will make another move and the fisherman will benefit. .

But now, Lin Ziming’s strength has completely disrupted their plan.
