

## Chapter: 2228

Lin Ziming smiled contemptuously. He was sincerely shameless about Gong Chunqiu's fighting intent. He was so arrogant just now, but with just one punch, he defeated all his pride and fighting intent. This kind of mental quality was too bad.

I don't know how Gong Chunqiu can become a peerless arrogant.

Of course, although he despised Gong Chunqiu in this way, he would not let Gong Chunqiu go.

Because he knew very well that if it wasn't for his strength to be strong enough, and if the loser was him, Gong Chunqiu would never let him go.

Besides, he knows very well that the battlefield between him and the martial world is not here. After going out of the secret realm, the martial world will soon launch a war against the secular world. Then, if someone like Gong Chunqiu lets him escape, then it will bring great harm to the secular world.

Since this is the case, why doesn't he solve Gong Chunqiu here?

As for the anger of Xiaoyao King, it is not that he is arrogant, but he doesn't really care about it at all. Moreover, he and Xiaoyao King were originally opposites, even if he let Gong Chunqiu go, Xiaoyao Wang would not let him go.

Sensing Lin Ziming's further murderous intent, Gong Chunqiu used the strength of the milk at this moment and rushed towards the fat and thin people. He wanted to hold a group. Only by holding a group can he defeat Lin Ziming!!!

"Huh, want to run? But it's too late."

Lin Ziming snorted coldly. He didn't have any ink stains. After breathing out, he adjusted his breathing and chased Gong Chunqiu directly. He wanted to kill Gong Chunqiu directly.

When the fat and thin saw this scene, they also kept beating their temples. They had a deep understanding of Lin Ziming's horror, and even, deep in their hearts, they had a deep fear of Lin Ziming, and they didn't dare to take it lightly. Di and Lin Ziming are enemies.

So now facing Lin Ziming's chase, they saw the fear and jealousy in each other's eyes at a glance, and they quickly made a decision that they could not fight Lin Ziming.

Now Gong Chunqiu is obviously injured. Even if the three of them work together, they can't exert the most powerful force. Once they lose, then what awaits them is death. They didn't think that Lin Ziming would let them go.

So they made the fastest and most correct decision, which was to run in the other direction and not save Gong Chunqiu.

Moreover, when they were escaping, they still wanted to grab the three fruits.

As long as they grab the fruit and find a place to hide, they don't believe that

Lin Ziming will be able to find them then.

As for the failure to save Gong Chunqiu, Gong Chunqiu can't survive Lin Ziming's hands anyway, what are they afraid of?

When they return to the earth, they will no longer be afraid of Lin Ziming.

Seeing their movements, Gong Chunqiu jumped anxiously and yelled: "You dare to drop me! Brother Xiaoyao won't let you go! Come back, come back soon!!!"

However, no matter how he scolded, the fat and the thin would not bother him.

Seeing this situation, Gong Chunqiu was really scared. Even if he didn't look back, he could clearly feel Lin Ziming's strong murderous intent against him, and his breath was getting closer.

Finally, it took less than a few seconds for Lin Ziming to chase behind Gong Chunqiu and grabbed him directly on the back.

Under this situation, Gong Chunqiu felt a huge crisis, and all the goose bumps on his neck stood up. It was a kind of extreme fear and fear.
