

Chapter: 2235

Lin Ziming even put three fruits at the corner of his mouth. Fortunately, when he really wanted to open his mouth, suddenly, he woke up and couldn't do this!

He learned from Whampo Road and Her Royal Highness that the effect of the fruit is only one-time, that is, one can only swallow the fruit once. If one swallows the fruit once, then the second time, even if it swallows more, There is no effect anymore.

When swallowing the fruit for the first time, the more you swallow, the better the effect will be achieved!

If you can swallow more than ten capsules at a time, the effect will be even more explosive!

Fortunately, Lin Ziming reacted at the last moment, otherwise he would have swallowed these three fruits, then he would suffer a big loss.

Lin Ziming broke out in a cold sweat, and this matter was really a bit evil. He felt that these three fruits, with such a little evil nature, would actually affect people's mentality.

Lin Ziming took a deep breath and put three fruits into his pocket. He planned to collect more than ten fruits and swallow them together to maximize the effect of the fruits!

He did this not only for himself, but more for the secular, for his many compatriots.

Because three months later, the martial world will attack the secular world on a large scale. If he is not strong enough by then, he will not be able to protect the people around him. This is something he cannot accept.

Then, he returned to the tribe and saw Gong Chunqiu, who was being beaten by a group of tribesmen.

And that thin man had been executed by the people of the tribe. There was still panic and regret on the thin man's face. Seeing this scene, Lin Ziming was still stunned. Obviously, he did not expect that the people in the tribe could be so Bold, dare to take action against these two guys.

However, Gong Chunqiu's current appearance is quite embarrassed, because he is a half-step through the gods, and his body is extremely strong. Now his bones are falling apart, but his vitality lies there, so in the face of so many sieges, he It was just screaming, and there was no death.

He is extremely stubborn and angry now, and he is actually tortured by these ants in his eyes! !

When has his Gong Chunqiu been so angry?

"You ants, let go of Lao Tzu! Lao Tzu swears that I will kill you and kill you!!"

Gong Chunqiu shouted, but the more he shouted, the greater the humiliation he suffered. There were even some warriors who took off their pants and

peeded on his head. This insulting behavior directly blew him up. , Almost caught my breath.

Lin Ziming also felt a little scalp numb when he saw this scene. However, Gong Chunqiu deserved it. If it weren't for him to take action today, the people of these tribes would fall into Gong Chunqiu's hands, and the end would only be worse. It is not impossible to be slaughtered directly.

As the so-called retribution, this is what I said.

Soon, the people in the tribe discovered that Lin Ziming had returned. They all stopped torturing Gong Chunqiu, and under the leadership of an old man in the tribe, they knelt to Lin Ziming one after another... ..
