

Chapter: 2238

“Hey, why doesn’t Gong Chunqiu come back now? There will be nothing wrong with him, right?”

On the side of King Xiaoyao, a super Tianjiao asked curiously.

Another person said disapprovingly: “He is a half-step through the gods, ranking fourth on the immortal seal list, what can happen. Besides, in the secret realm, the natives here are all ants. Who is in danger? Spring and Autumn?”

“This is...”

“That’s not the case. Don’t forget the existence of Lin Ziming. This Lin Ziming is an invisible threat.”

However, what he said immediately caused another person’s disdain: “Hoho, Lin Ziming? What kind of thing is he! It’s just an ant boasted in the world. Do you really think he is very powerful?”

“People Lin Ziming defeated both the fat and the thin. This strength is not bad.”

“You don’t understand. The fat and thin guys are old fried dough sticks. They have very treacherous personalities. In my opinion, most of this incident was made up by them. Otherwise, with their joint efforts, how could it not be Lin Ziming’s Opponents, in the realm of the gods, can fight against the two of them, and only Senior Brother Xiaoyao, do you really think that Lin Ziming can have the strength of Senior Brother Xiaoyao? Besides, even if he really has this strength, dare Do you attack Gong Chunqiu, isn’t he afraid of Senior Brother Xiaoyao’s revenge?”

Hearing this person’s analysis, everyone else agreed. Besides, Gong Chunqiu started with Fat and Thin. No matter how terrifying Lin Ziming was, he couldn’t be the opponent of the three of them.

So they didn’t worry about Gong Chunqiu’s safety at all. They believed that most of them were the indigenous people who slaughtered which tribe, and it took some time to return.

King Xiaoyao didn’t have any worries on his face. In his opinion, his junior brother Gong Chunqiu was absolutely safe in the secret realm, because there was no threat to Gong Chunqiu’s existence in the whole secret realm. As for Lin Ziming, he also I don’t think Lin Ziming has the courage to attack Gong Chunqiu.

However, at this moment, suddenly, an instrument on his body made an alarm sound.

Hearing this voice, his face suddenly changed!

This is the first time his expression has undergone such a huge change after entering the secret realm for so long!

“Spring and Autumn...”

He immediately took out the alarm device from his body, and soon he saw

that the name of Gong Chunqiu displayed on the device had turned black and white, and it also showed signs of death!

Seeing this scene, his expression was stunned immediately, and his thoughts didn't react for a while.

The people next to him were still talking, making him suddenly upset and irritable, and yelled unceremoniously, "Shut up all!"

Everyone was stunned when they heard his temper. Then, they saw the cold and gloomy expression on King Xiaoyao's face, and the painful and intense murderous intent flashed in their eyes, and they were all startled.

They have never seen such a terrifying King Xiaoyao before, and this is completely a god of murder. Who on earth is so long-lived that actually provoke King Xiaoyao?

Bu Jingyun on the side asked suspiciously, "Brother Xiaoyao, what happened?"

King Xiaoyao's face was sinking like water, and raging anger appeared in his eyes. Then he took out the instrument in his arms and said word by word: "Junior Brother Chunqiu, he is dead."

After saying this, he closed his eyes.
