

Chapter: 2245

After learning about this, Zhao Xia immediately laughed excitedly, as if it was him who had climbed to the top, extremely excited and happy.

Not only him, but Sun Liang on the side is also extremely happy: "I said that Instructor Lin will definitely not let us down. You just don't believe it, how about it? Now it's a slap in the face? Three fruits! This can all be straightforward. Instructor Lin has stepped into the God-passing Realm! The God-passing Realm in his early thirties is simply unheard of, unseen!"

After saying this, his tone was also full of emotion and envy.

Many people next to me also sighed with emotions, indeed, the 30-year-old Tongshen Realm, not to mention watching them, they have not even heard of it!

In fact, let alone the realm of communion, even if you can step into the innate realm at the age of 30, it is considered very powerful.

But Lin Ziming actually rushed directly to the God-Throughout Realm. This speed was simply jaw-dropping and made all his opponents desperate.

It can be imagined that when Lin Ziming breaks through to the realm of Tongshen, and then returns to the country of China, how will it be the ruler of the world?

I believe that when the time comes, the name of God Hua will fall on his head!

Let him directly become the patron saint of China and replace the position of Huangpu Road! !

And who could imagine that when Lin Ziming joined the third place of Xuanyuan three years ago, he was just a little instructor?

"It's not too early to be happy. Although instructor Lin has taken three fruits now, he is still in the secret realm. If he meets Xiaoyao King, it is still dangerous." At this moment, Peng Zhuo walked out and said in a deep voice. Said.

Hearing Peng Zhuo's words, the others were indeed calmer, but Zhao Xia still had absolute trust in Lin Ziming, and said, "I believe instructor Lin, even if he meets Xiaoyao King, he will definitely be able to defeat Xiaoyao King!"

"Yes, you guys are not aware of it. On the Secret Realm Fruit List, the names of Gong Chunqiu and the other two super arrogances have been erased, indicating that these three people have fallen, and the combined instructor Lin suddenly got three fruits. In my opinion, these three people have already died in the hands of Instructor Lin. From this point of view, instructor Lin's strength must have ushered in another huge breakthrough after reaching the secret realm! Even if you meet Xiaoyao King, It's not necessarily big."

Sun Liang analyzed it in a thorough manner.

Things like this are still happening in various places in China. In any case, Lin Ziming's ascent to the top can be said to give them a shot.

In fact, during this period of time, anyone who has reached a certain level can feel the depression of a rush of rain and wind.

This is a kind of warrior's intuition. In fact, many people feel it. In the next few days, a big battle will definitely break out, and in this battle, many people will definitely die. If your strength is not strong enough, then Not only can't protect the people around me, but even whether I can live is a problem.

At this time, the sudden emergence of Lin Ziming was good news for the entire Chinese nation.

In other words, many people actually regard Lin Ziming as the savior in their hearts.

As the savior of the world, Lin Ziming didn't know that he had already carried so much on his shoulders. Now, after he killed Gong Chunqiu and Fatty Shouzi and won three fruits, it was already three years old. Days.

During these three days, he kept looking deep into the different world.

Originally, before he had obtained these three fruits, he was like a headless fly, completely directional, but now, he found that there is a sense between the fruits and the fruits!

Now that he has three fruits, he can perceive the direction of the next fruit!
