

Chapter: 2257

These are four half-step masters of the God Realm, and they are not the ordinary half-step God Realm, but the top half-step God Realm. Even a genius like him, facing one of them, he dare not say anything. Win with 100% confidence.

But Lin Ziming actually won with one enemy and four, and it was still so easy. This completely subverted his cognition, and at the same time gave him a kind of awe of Lin Ziming that he had never had before!

Lin Ziming was still in an absolutely calm state. After he squeezed the aboriginal powerhouse, he didn't have any ink marks, and immediately chased the remaining two aboriginal powerhouses.

His physical strength seems to be infinite. He has clearly experienced such a big battle, but his speed is still so fast, and his breathing does not appear to be very rapid.

It was just a breathing time, and he caught up with one of them.

This indigenous strong man was overtaken by Lin Ziming, his face changed drastically. When he looked back at Lin Ziming, he seemed to have seen a god of death, and he had an expression of despair. He even had the idea of desperately wanting to ask for mercy.

However, his behavior was not let by Lin Ziming. Lin Ziming went straight down with a hand knife and slashed on his neck with a bang. His neck was broken and he was fainted on the spot. past.

There was the last one left, and it was already a little far away, but in Lin Ziming's hands, it was obviously impossible to run away.

It took Lin Ziming a little bit more time to catch the last aboriginal powerhouse.

"Let me go, let me go"

Lin Ziming solved the problem when the native strongman hadn't finished speaking.

After solving the four indigenous powerhouses at once, Lin Ziming escaped from that extremely calm state.

His originally pale eyes slowly regained focus and his look, and then he took a long breath, his pores were opened, and the whole person was like boiling water, emitting a strong mist. .

Although he looked very relaxed just now, he still consumed a lot of his physical strength with one enemy four.

After solving these four aboriginal powerhouses, Lin Ziming walked over and took a look at Tuoba Liang, and found that Tuoba Liang was looking at him with extremely shocking eyes, even with strong awe, as if for the first time. Knowing him made him feel amused for a while.

"Why, don't you recognize me?"

Lin Ziming said to him with a smile.

Only then did Tuoba Liang come back to his senses, but facing Lin Ziming's gaze, he still hit a violent spirit all over his body, blurting out, "Lin Ziming, have you already broken through to the God-Throughout Realm?!" Lin Ziming shook his head and said, "No, I'm still half-step through the Divine Realm."

"Impossible!" Tuoba Liang screamed out of silence, "How can you still pass the Divine Realm in half a step? Your strength has reached such a terrifying state!"

He seems to be a little unable to accept this fact. In his opinion, he himself is also a first-class genius, and there are not many people in the world who can surpass him.

Even if he could surpass him, the gap would not be much greater, but Lin Ziming now has the qualifications he can look up to.
