

Chapter: 2259

No, it should be said that it is even more powerful than Huangpu Road! If Lin Ziming is a master of the realm of abilities, he also believes it, but the most frightening thing is that Lin Ziming is not a master of the realm of abilities.

Moreover, he secretly noticed that Lin Ziming now has six fruits on his body!

What kind of concept is this, six fruits, he has been in the secret realm for so long now, there is only one fruit, and it is still very difficult to guess!

If Lin Ziming swallowed these six fruits, then Lin Ziming could directly step into the God-Through the God Realm.

However, Lin Ziming's strength was already so abnormal in the half-step realm of the gods, he couldn't imagine how abnormal Lin Ziming would be once he reached the real realm of gods! !

After finally leaving this city, Tuoba Liang couldn't help asking: "Lin Ziming, you have already got six fruits?"

"Yeah." Lin Ziming nodded lightly, without concealment.

When Tuoba Liang heard Lin Ziming's confirmation, he couldn't help being surprised and envious.

If he can also get six fruits, then after he breaks through the God Realm, he will definitely be very powerful!

At least he was stronger than his senior brother Whampoa Dao. As far as he knew, the senior brother Whampoa Dao had only swallowed three fruits back then.

But just three fruits have made Huangpu Road so powerful, able to become the god of war in China, accept the worship of the people of a country, and become a superhuman master.

But Lin Ziming now has six!

Soon, he asked another question that puzzled him, "Since you have received six fruits, why don't you swallow them?"

Lin Ziming said lightly: "Not enough."

Tuoba Liang was taken aback for a moment, and said, "Not enough? Six fruits, are you still too few? Could it be that you want to collect ten fruits?"

The question he asked was a bit of a joke. In his opinion, Lin Ziming would definitely not be arrogant enough to gather ten fruits before swallowing it. This kind of difficulty is too high, and it is also for himself. It's dangerous.

Ten fruits, how much energy is this, even if it is a powerhouse with a half-step psychic realm, his body will be burst, so he doesn't think Lin Ziming will want to gather ten fruits.

However, what Lin Ziming said next stunned him. Lin Ziming just nodded lightly and said, "Yeah."

Tuoba Liang was stunned again, his eyes widened suddenly, and he said,

“Aren’t you kidding me! Ten fruits! Not to mention that it is very difficult to get ten fruits, even if you really are. After collecting ten fruits, your body may not be able to hold it. When the time comes, your body will explode. This is not a big loss.”

Tuoba Liang thinks that he is already a very arrogant person, but he absolutely dare not say that he has collected ten fruits...In other words, even if he has ten fruits in his hand, he is not Dare to swallow it, because 100% of it will explode and die.

But Lin Ziming actually said that he wanted to gather ten fruits. This was too arrogant, and even without common sense, he didn’t know whether to live or die.

Facing his doubts, Lin Ziming didn’t explain too much, but just smiled faintly.

Tuoba Liang finally noticed it, Lin Ziming didn’t make a joke, but really planned it like this.

In this way, his impression of Lin Ziming is even more different. In his opinion, Lin Ziming is not just a monster, but also a lunatic!
