

Chapter: 2261

Many hidden old monsters looked over.

Lin Ziming now got eight fruits and continued to collect them. For them, it was too shocking!

Especially for some people who have entered the secret world before, that is even more subversive.

It is precisely because they have entered the secret realm and possessed fruits, so Jiaai knows how evil these fruits are.

Most of them only possessed two fruits. When they collected the third one, they couldn't help but swallowed them directly.

But Lin Ziming was able to collect eight, which also shows that Lin Ziming's will is much stronger than them!

This is more difficult for them to accept.

They even became jealous of Lin Ziming, wishing that Lin Ziming would explode and die immediately. Otherwise, when Lin Ziming really swallowed ten fruits and became the number one person in the world, their faces would also be bright.

At the same time, Xiaoyao King also got seven fruits, he also had no choice to swallow the fruits, but continued to look for them.

In addition to them, many people have already chosen to swallow.

Like Bu Jingyun, after he had collected five fruits, he had already chosen to swallow and became a powerhouse in the realm of God!

And after he became a powerhouse of the God-Through the God Realm, soon, because of his own realm breakthrough, he couldn't be accommodated by the secret realm world, was 'repelled' out, and successfully returned to the earth.

The secret world is such a mechanism. In the secret world, there are fruits that can become the gods, but once they break through to the gods, they will be rejected by the secret world and quickly sent back to the original world.

Not only Bu Jingyun, but other people, too.

For example, Sakyamuni, who also collected five fruits, couldn't help but the powerful bewitching of the fifth fruit, was directly invaded by the heart demon, and then he chose to swallow it.

In addition to the two of them, there are a good number of people, too.

Take Tuoba Liang, for example, after he got the three fruits, he couldn't help but swallowed it uncontrollably, then was rejected by the secret world and returned to the earth world.

And when he returned to the earth, he had already become a super power in the realm of the gods.

He felt that his body's strength was obviously much larger, and he even had a feeling that he is invincible in the world, even if it is a big mountain, he can move away!

If he changed the usual way, he would definitely be happy, but now, he couldn't be happy, because compared to Lin Ziming, he had fallen too much. You know, Lin Ziming got eight fruits, and he was not deceived, and he was able to maintain his original intention, but he, with only three fruits, couldn't help it anymore.

In contrast, the gap is too big.

In the next three days, the super arrogant in the secret realm was gradually rejected. On the fourth day, only Lin Ziming and Xiaoyao King were left...
