

## Chapter: 2262

Tuoba Liang returned to the earth, breathing in the air on the earth, feeling the familiar scene, and the familiar gravity. He only felt a long-lost feeling, as if he was reborn as a human.

Obviously, he actually didn't spend a lot of time going into the secret realm, but to him, it seemed like a long, long time spent in it.

Especially those things that happened inside, for him, the impression is too deep, he believes that he will never forget it for the rest of his life!

Especially for Lin Ziming's terrifying strength, it gave him an unprecedented awe and deep inferiority.

Originally, he was also a proud and arrogant person, thinking that he was the number one in the world, as long as he was given time, he could grow into the number one master in the world.

But now, he had no idea at all!

Because Lin Ziming's appearance gave him a huge slap in the face, letting him know that there are really mountains outside the mountains, and there are people outside the people.

In front of Lin Ziming, he was so much worse, he was not at the same level at all!

When he returned to China, he smiled when he saw his brother Huangpudao. In the past, he always couldn't see through the strength of the senior brother Huangpu Road. In his eyes, the Huangpu Road was like the existence of high mountains, and he couldn't see through it at all.

But now, he has already seen that his senior brother Huangpu Dao's strength is at the second rank of the God-Throughout Realm.

Although he is not an opponent of Whampoa Road, given him enough time, he can surpass his senior brother.

When Huangpudao saw him, his face also showed a smile, because he immediately felt that his junior brother Tuoba Liang had successfully broken through to the realm of the gods.

"Junior brother, congratulations."

After Huangpu Road walked over, he patted Tuoba Liang on the shoulder and said happily that he was heartfelt happy for Tuoba Liang.

At the same time, I feel fortunate for Hua Guo. Finally, Hua Guo has an additional master of the God Realm, and he is still his junior. In this way, he will not be so lonely.

"Thank you brother." Tuoba Liang also nodded and said.

Huangpudao felt the change of his junior and his younger brother, and he was taken aback for a moment. He felt that his younger brother had obviously become more humble, and he had the sharpness that he had before, which made him feel a little strange, so he asked Came out, "Junior Brother, you have changed, in the secret realm, but there is a battle?"

Tuoba nodded brightly and said, “Yes, in the secret realm, I was almost beaten to death.”

Huangpudao immediately frowned and said, “What happened? Tell me about it.”
